## RODE STORMY OCEAN FOR THIRTEEN DAYS

Third Columbian Boat Found  
on Atlantic With Four Sur-  
vivors Living

## ELEVEN FROM BURNING VESSEL DIED AT SEA

Small Craft Was Missed by  
Great Liners That Searched  
for Days

## SURVIVORS EXHAUSTED IN BOTTOM OF BOAT

Halifax, N. S., May 18.—After thirteen days of terrible suffering in an open boat, four survivors of the freight steamer Columbian were picked up in the North Atlantic by the United States revenue cutter Seneca yesterday.

Eleven others of the boat crew, which left the Columbian when she was burned just south of Sable Island, May 3, had succumbed to injuries and privations, and their bodies had been thrown overboard. The death roll of the lost freighter now stands at fifteen. Twenty-seven other members of the crew were saved by the Cunard liner Franconia and the steamer Manhattan after two days of exposure.

The men snatched from death by the Seneca yesterday were the first officer, Robert Ties; Seamen Oscar Kendall and Peter Bellanger and Fireman Michael Ludwigsen. The Seneca hastened to Halifax and reached here today. The survivors had lived on only a few ship's biscuits and a cask of water, which had long since been exhausted. They had gone the limit of human endurance.

Hope for this missing third boat had been abandoned after a dozen of the trans-Atlantic liners had searched for five days within a wide radius of the spot where the Columbian burst into flames. This was in the vicinity of latitude 41.19 north, longitude 53.45 west. To searching men it seemed impossible that a small boat could pass through the series of gales that have since swept those waters, and the news that the Seneca had picked up survivors was received almost with incredulity here. Although the survivors were too weak from their sufferings to tell the story completely, the revenue cutter's officers gathered that some of the fifteen who had had to huddle into the third boat had been so badly burned that they died during the first days. It was decided to lighten the boat by casting the bodies overboard at once. Some who had tumbled from the bunks at the first explosion and had rushed on deck half-clothed, succumbed to the cold. Others, weakened by starvation and thirst, gradually sank into lethargy that was scarcely to be distinguished from death.

Somehow the survivors managed to keep the boat headed on to the seas when the weather became rough, but for the past few days little or no effort could be made to guide the craft. Day by day the number dwindled until the four who were left sank limply to the bottom of the boat and awaited the end. When the lookout of the Seneca, scanning the horizon for bergs on the ice patrol, sighted the small boat through his glasses not a sign of life was seen. The Seneca put on all speed, ran down to the lifeboat and sent her rig alongside. The emaciated survivors were quickly transferred to the deck of the Seneca and brandy was forced between their parched lips. As all the men were in apparent need of hospital attention the Seneca was pushed under forced draft to Halifax, the nearest port. The condition of the men are serious, but it is believed they will live.

Captain Charles E. Johnston, of the Seneca, to-day told the story the rescued men had related. They abandoned the burning steamer at midnight on May 3 and lost sight of her about 26 hours later. After dark on May 4 they saw a steamer, but because they were without a light they were unable to signal her. They were passed by two steamers four miles off the next day. The wind was fresh and the sea choppy. There was much rain, mist and fog, and they saw no sign of any other steamer until they sighted the Seneca yesterday morning. They manned the oars, the mate steered for the steamer and the men pulled as hard as their strength permitted to get across the line of path being taken by the Seneca.

Mate Robert Ties is suffering from gangrene of both feet, he had been wearing heavy sea boots, and as his feet swelled the circulation of blood stopped and gangrene set in.

**NORDICA'S BODY SHIPPED HOME.**  
Batavia, May 18.—The body of Lillian Nordica was shipped to-day on board the steamer Vancloon, for Singapore, from which port it will be taken to the United States.

## RAILWAY MINISTER IS IN HOUSE ONCE MORE

Aikins Denies Statement That  
Brother Conservative Made  
in Commons About Him

Ottawa, Ont., May 18.—J. A. M. Aikins, Conservative M. P., Brandon, denied in the house this morning the charge made by J. F. Carrick, Conservative of Thunder Bay and Rainy River, in the course of his speech on the Canadian Northern railway proposals on Friday afternoon. Mr. Carrick had said that when the Canadian Northern railway plans were brought down, Mr. Aikins left for parts unknown. "The statement is absolutely false," said Mr. Aikins. "It is equally silly but nevertheless calculated to do mischief. This house is a deliberate assembly in which every member of parliament is supposed to speak with truth and soberness. The statement of the honorable member for Thunder Bay is devoid in both."

Hon. Frank Cochrane, minister of railways and canals, who returned last night from a three months' trip to Europe, entered the chamber when Frank B. Carvell (Carleton, N. B.) was asking Hon. J. D. Reid, the acting minister of railways and canals, if anything had been done in regard to the Grand Trunk Pacific taking over a portion of the National Transcontinental railway when it was completed. As Mr. Cochrane stalked into the chamber both sides of the house gave the minister an enthusiastic cheer.

Hon. Dr. Reid, however, answered the question in the negative. Mr. Cochrane was congratulated on his restoration to health. Hon. Mr. Oliver again introduced the question of unemployment in Edmonton. The premier read a letter he had received from the Welfare League of Edmonton, also a telegram he had sent in reply, directing the various departments which carry on public works to do everything possible. In addition he said that the question of giving work to the unemployed was being given consideration.

## THREE CENT RATE FOR LETTERS IS FAVORED

Penny Postage Under Guarantee  
Again Declined by Govern-  
ment of Great Britain.

London, May 18.—The Standard declares the triennial conference of the postal union in September next will establish an international rate of three cents for letter postage. Some of the nations advocate the adoption of world penny postage, but the majority favor the three-cent compromise. Australia is known to favor penny postage, but Sir John Heaton, who is the accredited representative of the Australian commonwealth to the postal union conference, declines to attend in view of the impossibility of counteracting opposition of official representatives of other governments. He recalls that prior to the adoption of the Anglo-American penny postage, he furnished guarantees by Andrew Carnegie and John Wanamaker against loss, but these were returned by the British government. He adds that he has now furnished guarantees against loss by world penny postage from gentlemen whose financial stability is recognized in every country in Europe. The government has, however, again returned the guarantee and refused the penny post.

## EXTENSIVE LUMBER FIRE AT THREE VALLEY MILL

Revelstoke, B. C., May 18.—Fire at the Three Valley mill, twenty miles west of Revelstoke, destroyed the structure and destroyed 3,500,000 feet of lumber piled in the yards. The estimated loss is \$75,000, which is covered by insurance. The mill was not damaged, the efforts of the mill crew and night watchman confining the fire to the yard only. Three Valley mill is the property of the Forest Mills of B. C., Ltd.

## MONOPLANE CAPSIZED TWO KILLED BY FALL

Frankfort - On - The - Main, Germany, May 18.—Another fatal accident occurred to-day in connection with the Prince Henry aviation competition, which started yesterday at Darmstadt. Lieut. Reheide, who was flying as a mist net fog, and then saw no sign of any other steamer until they sighted the Seneca yesterday morning. They manned the oars, the mate steered for the steamer and the men pulled as hard as their strength permitted to get across the line of path being taken by the Seneca.

## AMERICAN PILOTS ONLY FOR THE PANAMA CANAL

Washington, May 18.—American citizens only are to be trusted to pilot vessels passing through the Panama Canal under the rules just laid down by Co. Goethals to govern the appointment of pilots. Applicants must, in addition to American nationality, be under forty-five years of age and hold master's licenses for the Great Lakes or ocean-going vessels.

## THIRD WARRIOR IN IPSWICH APPEARS

Polling on Saturday to Fill  
Vacancy Caused by Mr.  
Horne's Death

## MASTERMAN STANDS BY GOVERNMENT'S RECORD

Willing to Test Methnal Green  
as Miniature Home Rule  
Referendum

## JOSEPH MARTIN READY TO OPPOSE R. L. REISS

London, May 18.—Polling takes place on Saturday in the Suffolk borough of Ipswich for the bye-election made necessary by the recent sudden death of the sitting member, Rev. C. Silvester Horne. The present contest is certainly not without its features of comedy, for, to the surprise and disgust equally of the official Liberal and Unionist candidates, a third warrior has appeared suddenly in the field. He is a disgruntled person named Scurr, who is vaguely described by his backers as a rebel candidate. Local labor men refuse to countenance him and the general supposition is that if he really goes to the polls he will not secure above a couple of hundred votes.

A fourth candidate is even talked about, a dissenting minister having expressed his willingness to stand on the modest programme of the Democratization of the Empire.

Mr. Masterman, the cabinet minister rejected by Bethnal Green when seeking re-election after the cabinet change, and who is now the Liberal candidate for Ipswich, intends appealing to the electors on the government's social record, particularly the National Insurance act, which contributed to his defeat in Bethnal Green, but declares that he is quite willing that this particular election shall be regarded as a referendum in miniature on Home Rule. Mr. Masterman, unfortunately, is not in the best of health, which doubtless accounts for the note of asperity in his references to the Unionist candidate, J. C. Gainsford, the Wimbledon barrister, who has nursed the constituency for the last three years and now expects the electors to show their sympathy for Ulster. This borough returns two members, of whom at the last general election Sir D. P. Goddard, Liberal, headed the poll with 5,931, Mr. Horne being next with 5,791, and the leading Unionist 344 votes behind. The borough has gone Liberal since 1900.

In the East St. Pancras Metropolitan division the official Liberals have taken up the challenge of their present member, the well known western Canadian politician, Hon. Joseph Martin, who recently was ruled out of the party and declined nomination under the official Liberal standard. Mr. Martin threatened to resign his seat to test the feeling of his electorate. Richard Leopold Reiss, organizing secretary of Lloyd George's land enquiry committee, has been confirmed by the local Liberal committee on recommendation of the Central Liberal body as the candidate. O. A. Fitzpatrick, hon. secretary of the East St. Pancras Liberal and Radical association, says Mr. Reiss is ready for an immediate bye-election.

The first serious complaint against Mr. Martin, said Mr. Fitzpatrick, in the course of an interview, was that disregarding the views of his supporters he assisted the Socialist candidate in the Hanley bye-election. In the House of Commons he had voted against the government on the Marconi question, forming one of a trio of dissenting Liberals, and had incidentally opposed the East African Protectorate Loans bill. He had also been conspicuous in putting undesirable questions to ministers whom at public meetings in the constituency he had criticized in turn.

"As the result of the line we have taken," said Mr. Fitzpatrick, "we have been threatened on Mr. Martin's behalf with a forced and immediate bye-election. We are quite prepared for it. We believe that the official Liberal candidate will have no difficulty in beating both Mr. Martin and J. W. W. Hopkins, the Unionist candidate, as the present member's sympathizers are an almost negative quantity."

At the last general election Mr. Martin polled 3,891 votes to the 3,086 of his Unionist opponent, Mr. Hopkins, and a score of votes went to the Suffragist candidate.

## ASTOR'S HEALTH IMPROVED.

New York, May 18.—Vincent Astor, much improved in health, according to his friends, has sailed from New York with his bride for a short sea trip.

## WANTS TROOPS KEPT IN STRIKE DISTRICT

President Wilson Sees Colo-  
rado Representative and  
Will Assist Towards Peace

Washington, May 18.—Representative Keating, of Colorado, conferred with President Wilson to-day concerning conditions in the strike district of his state. Although the president had advised Governor Ammons that federal troops would not be allowed to remain indefinitely in the strike zones, Mr. Keating said the president was not disposed to withdraw the federal forces immediately, and is willing to do everything within reason for the preservation of peace in the coal regions.

Mr. Keating expressed doubts as to the ability of the state militia to maintain order in the strike districts after the withdrawal of federal troops unless mine owners consent to the mediation of disputed questions.

Austrian Ambassador Dumba to-day laid before the secretary of state and secretary of war an urgent request that federal troops be retained on duty in the Colorado strike district. The requests were made at the instigation of the Austrian government on information received from their agents in Colorado.

## RUDYARD KIPLING ON THE PUBLIC PLATFORM

Imperial Post Blames British Gov-  
ernment in Speech of Clotted  
Bitterness.

London, May 18.—The week-end was remarkable for the introduction into politics of Rudyard Kipling, who addressed a mass meeting at Tunbridge Wells. The "Imperial poet" in a speech described as "clotted bitterness," accused the government of constructive crime in order to retain their salaries, which he declared to be their sole mode of life. Here are some sentences of Mr. Kipling's speech: "If the cabinet thinks murder will serve their turn again they will attempt such again. In the light of their record of two months ago we are justified in believing that if by any means, any falsification of facts or speech or document by bribery or subornation of evidence or pre-arranged provocation, the blame for causing bloodshed can be thrown on Ulster, the cabinet will openly or secretly lend itself to that work."

## MARSHALL HOPES FOR SPIRITUAL SOCIALISM

Advises Churches of America to Take  
More Interest in Instruction  
of Children.

Washington, May 18.—Vice-President Marshall's declaration that one of America's ills to-day is that there is too much science in the so-called educational system and too little God Almighty occasioned comment in Washington to-day.

"There is in this thing wrong in many of the churches," said the vice-president, "that because church and state are separate and the state makes the schools, the church has felt itself absolved from duty in the direction of education of youth."

"But now the church is awakening to the fact that children should be reared in the way of Christian faith from the nursery upward. I believe there is in this country to-day a great spiritual awakening, and the church is beginning to see it has turned entirely too many of its functions to the state."

The vice-president also let it be known that some day he would forget all of the other political parties and join the Socialists.

## BISHOP M'DONALD HAS AUDIENCE WITH POPE

Rome, May 17.—His Holiness, the Pope, gave audiences yesterday to Rev. Alexander McDonald, Bishop of Victoria, B. C., to Rev. E. J. McCarthy, Archbishop of Halifax, N. S., and to Rt. Rev. James Morrison, Bishop of Antigonish, N. S.

## General Huerta Is Ready to Retire Elimination Rests Now With Mediators

GENERAL VICTORIANO HUERTA

## Stage All Set for Assault on Saltillo Natives Expected Attack at Vera Cruz

Paredon, Mexico, May 18.—The first engagement in force of the rebel campaign against Saltillo cannot be long delayed. The rebel troops rapidly are taking up the positions assigned them in General Villa's plan of battle and are closing in on the town in a way that the rebel leaders believe will check any attempt of the federal garrison to evacuate and retreat to the south, even should the soldiers of Huerta contemplate such a move.

Spread widely to east and west of the railroad line from Paredon to Saltillo, the constitutionalist troops are combing the country thoroughly and sweeping the federal outposts and scouting parties before them. There has been some skirmishing reported, but it has not been of such a character as to develop the positions of the federal or the plan of attack of the rebels.

Vera Cruz, May 18.—A rumored concentration of Mexican federal troops before the American lines in the vicinity of Vergara station, two miles out on the interoceanic railroad failed to materialize into the early morning attack which had been predicted by natives who entered Vera Cruz yesterday.

The night passed without any incident of the form of an assault, but no indication was given that General Navarette or General Pena contemplated any violation of the armistice.

From several quarters rumors were persistently circulated yesterday concerning Mexican troop movements in the vicinity of the American outposts. The American army headquarters staff was disinclined to take these rumors seriously, but precautions were taken to guard against any possible night surprise.

Under the general precautionary plans drawn up by the headquarters staff, the marines and bluejackets on board the American fleet are held in readiness to come ashore at an hour's notice in case the garrison should be attacked.

Dr. Aureliano Urrutia, once Huerta's most trusted counsellor in the cabinet, and who as minister of the interior, is popularly believed to have been the author of many orders for the disappearance of his chief's political enemies, arrived to-day among the refugees from the capital. He had fled from the wrath of Huerta.

## BECKER'S PRESS AGENT TESTIFIES FOR STATE

Corroboration of Details in Evidence  
Given by Rose in Rosenthal  
Murder Case.

New York, May 18.—Charles B. Pitt, one-time press agent and advisor for Charles Becker, on trial for the murder of the gambler, Herman Rosenthal, took the stand for the state to-day and corroborated in many details the story of Jack Rose and others that Becker was the instigator of the murder plot.

After Rosen had been murdered, the witness swore, he met Becker, who was indignant at the way the killing had been accomplished. "What is the matter with Jack Rose and the bunch?" Pitt quoted Becker as having said. "To pull the stunt the way they did was very bad. You would suppose it was being done for the moving pictures."

## AUTHORITY IS GIVEN NIAGARA DELEGATES

Mexican Dictator Will Step  
Down If by Doing So Peace  
Will Come

## SPECULATION ARISES AS TO HIS SUCCESSOR

Provisional Commission More  
Likely Than Rule by Military Leader

Washington, May 18.—General Huerta has authorized the Mexican mediation delegates to submit his resignation, in case such a course is found necessary to a settlement in peace negotiations. This was stated positively in dispatches to-day from a thoroughly competent diplomatic source in Mexico City, to one of the foreign representatives here, and confirms intimations given by friends of the delegates here yesterday.

According to the information from Mexico City, Huerta at first authorized the delegates to discuss only the question of the Tampico conflict, leading to the American occupation of Vera Cruz. Later the Mexican dictator, it is explained, came to recognize the necessity of a broader settlement and then conveyed to the delegates the assurance that he was prepared to step down should this course be found necessary by them.

The problem causing chief concern to diplomats in Mexico City now is that of the form of administration to be established during the interregnum before a constitutionally-elected president could assume office. No intimations concerning the name of a possible successor to Huerta were contained in the dispatch, this subject being one in which it would be necessary to consult the opinion of constitutionalists and other leaders in Mexico.

The information of Huerta's attitude agrees with the view obtained by some of the close friends of the Mexicans during their stay here. According to this view the delegates realized the present administration at Mexico City was fast going to pieces, and it was inevitable that Huerta give place to some other authority. It did not, however, disclose that Huerta had authorized his resignation if they considered that course necessary, and this more definite phase was first made known in the dispatches through diplomatic channels.

Who will come after Huerta, whether an individual or a provisional commission still is an open question but it is gathered the succession will not be likely to fall on military leaders who have come into prominence by arbitrary force.

Supreme Court Justice Lamor and Frederick W. Lehmann, who will represent the United States at the peace conference at Niagara Falls to-day arranged to leave Washington tomorrow morning. This arrangement will put the American delegates at the scene of the conference about the time the Mexican delegates arrive there from New York.

"The Huerta delegates never will agree to the selection for provisional president of any of the constitutionalist military men, said a man who had a long talk with the Huerta representatives here yesterday. "They want someone for provisional president who will guarantee a fair election to all parties concerned, and who has not been a military partisan."

This view coincides with that obtained from other persons who had informal talks with the Huerta delegates here. The three Mexicans did not divulge the nature of their long conference with Huerta before their departure from Mexico City.

Niagara Falls, Ont., May 18.—With the arrival to-day of Romulo S. Nason, Argentine minister, the first of the South American mediators to reach the scene where they will formally open their conference Wednesday, the effort to compose the Mexican situation made a real start.

James M. Mee, of the Brazilian consulate in New York, also arrived. Among others here are Mr. Moreira, secretary to the Brazilian ambassador, and Senor A. Algarra R. de Terrores, former charge d'affaires of Mexico, at Washington.

Toronto, Ont., May 18.—Porfirio Diaz, Jr., son of the former president of Mexico, arrived in Toronto to-day in company with Col. Antonio del Rio, a representative of the Mexican constitutionalists.

## THE BATHING SEASON

Are you prepared for it? Any day now, you may feel the call of the sea—a day when the thought of sun-baked beaches and sparkling sea will be too much for you—so get that cap in time. We have a splendid selection of caps from 35¢ up—also Loofah Bathing Sandals from \$1.25. These can be used equally well as bath slippers.

Corner Fort and Douglas

### CIRCLE CITY DAMAGED FROM WATER AND ICE

Seattle, May 18.—Reports from Circle City, Alaska, say the flood caused by the breakup of the ice on the Yukon river on Thursday was the worst in the history of the camp. The town was almost washed out, all the stores, government buildings and dwellings near the waterfront being damaged. The Indian village is under water and ice. No casualties have been reported from any of the camps along the Yukon. The damage is estimated at \$25,000.

## GERMANY FEARS RUSSIAN TRADE FIGHT

Northern Horses No Longer Exported; Tariffs Shut Off Important Market

Berlin, May 18.—It is not only as a possible military opponent that Germany is uneasy about Russia. The tone of the press daily shows that there is much anxiety over the possibility of a trade war, as well as much uneasiness over what is believed here to be a growth of anti-German sentiment in the big empire on the east.

In some of Russia's recent steps German observers believe they see a combination of military and trade purposes. One of these is the prohibition of the export of horses, destined to keep in Russia all available mounts for cavalry forces, but which also affects German business interests. The already reported proposal to forbid Russian laborers from coming to Germany each harvest time would be a severe blow to the agriculturists, and the proposed increase of import tariffs on grains, now under consideration by the Russian government, would practically cut off an important market. Germany exported to Russia last year 231,000 tons of rye, 22,000 tons of wheat and 38,000 tons of oats. These figures do not include the considerable exports to Finland.

### AMERICAN CONSUL DEAD.

London, May 17.—John L. Griffiths, the American consul-general at London, died suddenly at his residence of heart disease. He was a native of Indiana.

## CHEAP COUNTRY HOME

## VOICE OF JAPANESE PEOPLE BEING HEARD

Desire for Equal Opportunities Results in Okuma Taking the Helm

Tokio, May 18.—Everything in Japan indicates that Japan is in the midst of a silent but great struggle between the democratic forces and the conservative and bureaucratic machines. The return to power of Count Shigenobu Okuma, who has astonished his best friends by the radicalism of his utterances in the past few years, shows that democratic forces have won a signal victory for the moment. It is not too much to say that the recommendation of Count Okuma as premier by the few remaining elder statesmen of the empire was really out of deference to the voice of the people.

The elder statesmen, or genro, had previously selected Viscount Kiyoura in an attempt to keep the reins of government in the hands of the bureaucrats and reactionaries, but the protest from the different groups in the house of representatives was so strong that Kiyoura was forced to abandon his task of forming a cabinet. At the same time the genro, who now number fewer than half a dozen very aged men, were severely condemned by the press as no longer representing the new Japan which desired that the government should pass from the hands of a few men into the hands of the people. Count Okuma had been a member of the genro but his radicalism made him no longer welcome among the bureaucrats and he resigned.

The astonishing feature of this most remarkable chapter in recent Japanese history is the shift from a man of the Kiyoura type to Count Okuma. The latter has always joyfully preached his belief that he will live to be 125 years old. This gives some inkling of the jovial, democratic nature of the man. The new premier is now 76. Count Okuma has said he wants to get rid of the evils of clan government and clan favoritism; to stop the friction between the army and navy and establish harmony on questions of national defence. He would stop all corruption. He is optimistic about Japanese finance, believing it to be on a healthy and sound foundation. He will try to make it still more stable. The people were heavily burdened with taxes, but this was to be relieved by administrative reforms he had in mind. The new premier has gathered about him a striking corps of ministers. Baron Takaaki-Kato, the foreign minister, is one of the ablest men in Japan to-day. He has served in the office before and was once ambassador to Great Britain. He is regarded as a forceful diplomat and as the probable heir to the premiership.

But perhaps the most interesting personality in the new cabinet is Yukio Ozaki, former mayor of Tokio, and one of the leaders of the opposition in the lower house. He has been warring all ways for a more representative government, and he is especially opposed to the domination of the army and navy clans. He has just written a series of papers on constitutional government with such headings as "Clan influence in law-making," "How the people have been kept under control," and "The navy must be cleaned before it is expanded."

He declared that the true constitutionalists in Japan demand a fair field and no favor. "At present," he said, "they are bound hand and foot in the iron chains of laws and regulations and conventional official ideas, while their opponents are quite free under the protection of the same laws and regulations."

The reformer concluded: "All intelligent observers have recently noticed great changes in the political psychology of Japan, but few see its true cause. The mobs, the demonstrations and all kinds of excitement have but one root cause, namely, the strong desire and increasing struggle for equal opportunities."

### NATIONALISTS STRONG LIMERICK ORGANIZING

Limerick, Ireland, May 18.—The county council unanimously has resolved to support the Nationalist volunteer movement, which was started for the purpose of organizing a national force to uphold the authority of the crown and government of Ireland on the same lines as the Ulster forces. Thomas Lunnin, Nationalist member of the House of Commons for East Limerick, during the course of a speech, said that the day the home rule bill was placed on the statute books 200,000 volunteers would parade in Dublin to prevent the withdrawal of the measure.

### HALF-MILLION DOLLARS FOR TELEPHONE SYSTEM

Panama, May 18.—Telephone and telegraph facilities are being rapidly extended in the republic of Panama. The demand for lines of communication when the canal is opened. The department of public works recently has ordered 1,800 miles of telephone and telegraph wire, the larger part of the order being placed in the United States. The first new line to be constructed will be to David, the most important town in the republic outside of Panama City and Colon. The expenditure will amount to some \$500,000.

### THEATRE LICENSE BY-LAW IN ALBERTA USELESS

Lethbridge, Alta., May 18.—In a test case brought against a local theatre, which refused to pay the license fee of \$100 levied on moving picture houses, Mr. Justice Beck on Saturday decided that the city by-law conflicted with provincial legislation, and that therefore the by-law could not be enforced.

## MOON WILL BLOT OUT THE SUN AUGUST 21

Next Total Eclipse in Canada June 8, 1918

Washington, May 18.—The eclipse of the sun on August 21 next, total in part of Europe and Asia and partial in northeastern America, is attracting the widespread attention of astronomers and scientists, various expeditions being arranged to witness this phenomenon. In view of the public interest in the event, Prof. C. G. Abbott, head of the astronomical branch of the Smithsonian institution, and a recognized authority on solar phenomena, gives the following popular account of the eclipse, and the scientific results sought from such events.

On August 21, 1914, the moon will pass exactly between the earth and the sun, and there will be a total solar eclipse. It will not be observed in America, except as a small partial eclipse at sunrise in the northern states and Canada, but in Persia, Russia and Scandinavia the full effect will be seen. Although the moon looks about the same size as the sun, it is very much smaller and nearer. The sun is 865,000 miles in diameter and 93,000,000 miles away, while the moon is 2,163 miles in diameter and 238,000 miles away. On account of the moon's small size compared with the sun the shadow cast by the moon is a cone, and the point of this cone just barely reaches the earth.

In the August eclipse the diameter of the cone at the earth's surface is only about 85 miles, so that the eclipse is visible as total only in a belt about 85 miles wide stretching over the countries named above. The important cities of Berlin, Trebizond, Kief, Minsk and Riga lie near the center of this belt. It passes about a hundred miles north of Stockholm and Trondheim. The eclipse will be seen as partial over a very wide area, including northeastern America, Greenland, Europe, half of Asia and half of Africa. Within this region only a portion of the sun's disk will be hidden by the moon.

Wherever the solar eclipse is seen as total, the sky will become nearly as dark as full-moonlight, and a few of the brightest stars and planets may be seen. The duration of the totality is longest near Kief in Russia, where it is 2 minutes 13 seconds. Sometimes the moon and sun occupy such positions that although the moon passes directly between the earth and the sun the shadow cone does not quite reach the earth. Such solar eclipses are called "annular," and are nowhere total eclipses. In the most favorable case a total eclipse may last over 7 minutes at a station, but such occasions are very rare. The very long total eclipses of this century are as follows:

Date, 1919, May 29; duration, 6.9 minutes; region, Peru, Brazil, Central Africa.
Date, 1927, June 8; duration, 7.1 minutes; region, Pacific ocean, Peru.
Date, 1955, June 30; duration, 7.2 minutes; region, Ceylon, Siam, Philippines.
Date, 1973, June 30; duration, 7.2 minutes; region, South America, Africa.
Date, 1981, July 11; duration, 7.1 minutes; region, Pacific ocean, Hawaii, Central America.

There will be total eclipses visible in Central America, on June 8, 1918, September 10, 1923 and January 24, 1925. As the glare of the sun in the sky is removed, and yet the moon hardly more than covers the sun, it is possible at times of total solar eclipses to see all the celestial objects near the sun. These can not be seen at other times because they are lost in the bright sky light. It is this which makes astronomers so eager to observe total eclipses. The most striking thing seen is the solar corona, a beautiful pearly light stretching away from the sun in all directions.

### YOUNG MAN KILLED BY FALL OF HEAVY BARK

Vancouver, B. C., May 18.—Leslie W. Millward, 22 years old, who was killed by the fall of a heavy bark on Thursday last near Britannia beach. Mr. Millward had been connected with a survey party, and after his day's work had gone into the woods to cut some bark for the purpose of building a fire in their camp stove. He fired and began chopping the bark when a great quantity broke off and crushed him against an adjoining tree. He died soon afterwards.

Mr. Millward was born in Derbyshire, England. One brother, who lives in Victoria, came here to take charge of the body on its arrival.

### GRAY HAIRS A HANDICAP

Tendency of Modern Business is to Favor the Young Men.

This is the young man's age. Everywhere you find the big jobs in the hands of young men. The appearance of age discredits your ability. Youth and efficiency are first cousins in the eyes of business men.

Don't let a few gray hairs spoil your chances when it's so easy to prevent or cure them.

Hay's Hair Health restores the natural color to gray hair and no one will know you use it. It is not a dye. It is a hair tonic that re-invigorates the hair roots and the scalp, supplies new nourishment, a new lease of life for your hair, thus bringing back its natural color and lustrance. It removes dandruff. We guarantee it to do this. Your money will be refunded if it fails after a fair trial. \$1.90, 50c, 25c. Get it at our store. For sale and recommended by D. E. Campbell, druggist.

Incorporated 1870.

### HAD SECOND TRIAL AND GOT DEATH SENTENCE

Tokio, May 18.—Tomataro Watanabe, a Korean, was sentenced to death to-day for the murder two months ago of Dr. Edgardo Mott Stryker, formerly of New Jersey, who was head of the hospital near Holkol, Korea.

The murderer was previously condemned to life imprisonment, but appealed, and the Supreme court not only upheld the conviction, but imposed the death penalty.

### WEEK-END CABLES.

Ottawa, May 18.—The post office department has announced a week-end cable between Canada and Australasia to be effective forthwith. Week-end messages may now be sent.

### ADMIRAL DRURY DEAD.

London, May 18.—Admiral Sir Charles Carter Drury died here to-day, aged 68. He was born in Rothsay, N. B., and entered the British navy in 1859. From 1903 to 1908 he was second sea lord of the admiralty.

## DINGMAN WELL GUSHES FLOW OF GAS HEAVIER

Furious Trading in Oil Stocks  
at Calgary Where Boom  
is at Height

Calgary, May 18.—Twice yesterday the Dingman well became temporarily a gusher. The first rush of oil occurred about noon, and the second three hours later. In each instance it lasted about a minute. The drill house was filled with spectators on both occasions who were drenched with the fluid. The oil in the well has now risen 2,500 feet, and only bailing is keeping it from coming higher. The flow of gas has also become heavier.

Four thousand people visited the well and the road between the city and the scene of the oil discovery was lined with automobiles. Several accidents took place, but no one was seriously injured.

Current opinion among oil men is that with a little more drilling the flow at the Dingman well would be increased very materially, as the drill has not penetrated the oil-bearing sands to any great extent.

The drill in the Monarch company's well tapped a body of wet gas at a depth of 966 feet on Saturday afternoon which has increased in volume. The McDougall-Segur drill has entered a formation not unlike that encountered in the Dingman well a month ago. It is a dark, heavy substance.

The trading on Saturday was furious. The Herron-Elder, which property adjoins that of the Dingman well, took in over \$100,000 during the day in small amounts. The crowd was so great that a dozen policemen were detailed to keep order. Some of the low-priced companies had their entire issues of stock subscribed for during the day. The trading continued until 2 o'clock Sunday morning.

New brokerage offices opened up every hour. The scenes enacted were much wilder than those occurring during the real estate boom two years ago.

The land office did a record business Saturday, taking in \$8,000 during the three hours it was open.

One man who bought 250 shares in the Dingman company when the price was \$1 a share, is said to have closed out his holdings for \$270 a share on Saturday, but this cannot be confirmed, as the seller refuses to state the price he received.

### FEW CHANGES ARE MADE IN METHODIST STATIONS

First Draft Announced at Conference  
Which is Held at  
Kamloops.

Kamloops, May 18.—The first draft of stations for Vancouver Island drawn up by the B. C. Methodist conference is as follows, very few changes being made:

#### Victoria District.

Victoria, Metropolitan—Charles T. Scott, B. A., D. D., 916 Johnson street. W. Sheridan, superannuated. Albert J. Bruce, missionary in China. John P. Hicks, without a station. ## RESOLUTION DIVISION IS EXPECTED TUESDAY

During Saturday Attention is  
Called to Profit on  
Realty Deal

Ottawa, May 18.—An impression prevails in parliamentary circles that the present session may terminate on Thursday, May 28. If it does not close on that date, it is likely to run for another week, or until Thursday, June 5. The date of prorogation depends entirely on the length of the debate on the C. N. R. proposals. The division on the resolution and the six-months' house moved by E. M. Macdonald is expected to occur to-morrow. Then the bill will be introduced, given the first and second readings and taken up in committee, where the details of the proposals will be considered. There will be a number of amendments, and discussion is bound to take place.

Whether or not the redistribution bill goes through this session will probably be settled to-day at a special committee meeting to reach an agreement on a few points of difference, which still divide the parties, more particularly in regard to Ontario constituencies. If an agreement cannot be reached it may have to go over until next session. It is likely, however, that a spirit of compromise will prevail, and that the necessity of putting the bill over will be avoided.

A sharp debate on the government's proposals in regard to the Farmers' bank is expected, but it will probably not last more than one day. There still remains the bigger part of the estimates, as well as supplementary estimates to be disposed of; but with three sittings of the house a day it is expected that these will be quickly disposed of. If prorogation is had on May 28, it may be necessary for the house to meet both on Ascension Day, May 21, and Victoria Day, which this year is being observed on Monday, May 25.

At the afternoon sitting of the Commons on Saturday the first business was the bill to advance \$9,000,000 to the Montreal harbor commissioners. Hon. J. D. Hazen said it was expected the sum would provide for all necessary improvements up until 1918. The annual expenditure was not expected to exceed \$3,000,000, and the commissioners had money for the present season under former votes.

The bill was given a third reading, and the bill to advance \$2,000,000 to the Quebec harbor commissioners was then called. In this connection Mr. Hazen said that out of the previous advance of \$3,500,000, the commissioners had spent \$2,961,000, and there was \$539,000 available for the completion of the works now under way. Hon. Mr. Lemieux made a strong protest against the purchase of the equipment for the Quebec harbor outside of Canada. There were he said, a number of firms in Canada capable of undertaking it. Hon. Mr. Hazen answered that the commissioners had found that they could not get the equipment in Canada within the time desired.

Mr. Lemieux called attention to the large profit made on a real estate deal with the Quebec harbor commission. Jules Giroux had purchased a quarry from Benjamin Demers for \$2,000 in March of last year, and four days later, in April, had sold it to the harbor commissioners for \$4,500. Mr. Giroux was a brother-in-law of the son of Mr. Gravel, one of the harbor commissioners, said Mr. Lemieux. He added that Mr. Giroux said he was merely a go-between, and did not profit by the transaction.

Mr. Hazen, in reply, stated that Chairman Price, of the harbor board, had informed him that Commissioner Gravel had had no knowledge of the transactions. He admitted that it was a pretty rapid increase in price. Hon. C. J. Doherty's bill to amend the Judges act was taken up. The minister of justice proposed an amendment with regard to judges who do not reside in the county town. He proposed that if the amount of business in the town where they reside is as great as in the county town, they shall receive travelling expenses when they go to the county town. As it is to-day they do not receive travelling expenses at all.

The bill was reported as amended, but the speaker took objection on the ground that it increased the amount of expenditure and so departed from the resolution.

Hon. Mr. Doherty acknowledged the correctness of this view, and at the premier's suggestion the third reading was deferred.

The last item of the afternoon was the bill increasing the membership of the national battlefields commission. Mr. White explained that the government thought it better to have a larger number of commissioners. He had consulted Sir George Garneau, the chairman, and Sir George had had no objection to the change.

Sir Wilfrid Laurier said he saw no good reason for the increase in the number of the commissioners. He said, "We will have to submit," he said, "but it is a change not an improvement."

Mr. Lemieux declared the reason for the change was political. The Liberals had appointed commissioners without regard to their political affiliations, but now it was desired for reasons of patronage to get control of the commission.

The bill was held in committee for further consideration, the house adjourning at 6 o'clock.

### SMALL CHILD KILLED ON TRACK OF RAILROAD

Regina, Sask., May 18.—A verdict of accidental death in the case of little John Varley was returned at the coroner's inquest, a recommendation being added that the police pay greater attention to the reports of lost children. The child, 2½ years old, evidently went to sleep with his head on the railroad track.

Angus Campbell & Co., Ltd., "The Fashion Centre," 1008-10 Government St.

## Summery Apparel for the Happy "Twenty-Fourth"

LADIES' AND CHILDREN'S "READY-TO-WEAR"

But a few days remain now in which to make your selections for smart and summery attire to wear on this happiest of holidays. This is going to be a busy week with us, but we are prepared at "The Fashion Centre" for the rush which always precedes a holiday, and Victoria ladies will find "Campbells'" collection of Summer apparel of inestimable value in making their choice.

### Sports Outing Coats

These stunning little model Sports Coats are simply the rage this season, and no wonder, for the materials are so new and different to anything before, and the styles so "chic" and smart, and so useful too. And then, again, the prices so attractive. Our range comprises the smartest of smart Checks and Plaids—big Broken Plaids—handsome Brocades, Novelty Ratines, Wide Wale Cords, Velour Cloths and some extremely stylish rough, light Tweeds.

Prevailing colorings are mustard, Paddy green, tango, tana, some glorious blues, and black and white checks.

Prices \$25.00, \$15.00, \$12.50 and \$10.50

### Wonderful Suit Values, \$17.50 and \$21.00

It is a well known fact that Campbell's Suits, even at such modest prices as these, are not the ordinary commonplace-looking suits usually met with, but each one is an individual model, and as great care is exercised in their selection as in the very high priced garments.

This week for those seekers of a really smart suit at a moderate price we have a surprise in store. There are here some of the smartest suits of the season.

Specially Priced at \$17.50 and \$21.00

### Handsome Model Suits at \$35.00 and \$45.00

Magnificent indeed are these newest of French Model Suits. So dressy, so dainty, so perfectly charming in their various designs and drapings, while the materials are simply lovely. There are rich velours, silk poplins, fancy armures, silk moires, gabardines, new cords, ratines, crepes in novelty weaves, French damasse and smart checks. Every stylish coloring is among them, and

For One of These Handsome Models You Pay Only \$35 or \$45

### Charming Summer Dresses

Such an array as never seen before in Victoria of these ever welcome little Summer Frocks, so cool and dainty, for your holiday outings, and for your general wear, too, from now on through a long Summer. Lovely soft, clinging cotton crepes, cool voiles, dainty mulls and muslins, and smart ratine dresses, also a distinct novelty in various Dolly Varden print patterns. You have no difficulty in selecting a pretty dress from our large range.

### DEPRESSION: CAUSE AND EFFECTS.

Sir Richard McBride has told the people of the province through the columns of the Colonist that his railway policy has carried us over a period of financial depression, and asks what the conditions would have been had his policy of railway construction not been carried out. The premier may not know it, his intimate friends not being always frank and candid with him, but there is a widespread belief that he and his partners in this much-lauded railway policy, and in other things, are mainly responsible for the financial depression. It was their flotations in the London market that caused the investing public of Great Britain and other monetary centres to look upon Canadian securities with suspicion. Have we not a declaration from a prominent Conservative member of the Dominion House of Commons that the Canadian Northern Railway Company practically is bankrupt while the men who control it unquestionably are rated as worth many millions in their own right? Will Sir Richard undertake to deny the truth of the startling statement made by his political ally, Mr. Bennett? Will he tell the public that what Mr. Bennett stated was not known in the financial centres of the world, and, being known there, that it was not the chief cause for the tying up of the money bags, which again was the direct cause of the depression?

As to Sir Richard's sly attempt to divert attention from a business situation for which he in a large degree is responsible by suggesting that conditions might have been worse but for his "railway policy," there is not a business man in the country who does not remember that British Columbia was making steady, sure and satisfactory progress as long as the premier and his colleagues were content to sit in their places, look wise, draw their salaries, and "leave well enough alone." The moment they attempted to do anything that required sound judgment and statesmanlike foresight, the result was chaos and disaster. If, like Premier Borden, Sir Richard had realized his limitations and refrained from attempting to do things that were beyond his capacity, he might have gone along a few years longer without being found out. But, tempted beyond his depth by the flattery of sycophants and concession seekers, he finds himself in dangerous waters and is looking for a lifebelt that he hopes will float him to a harbor of permanent refuge in "London Town."

We shall offer Sir Richard a final fragment of counsel: Do not rely too implicitly on the promises of Premier Borden. That gentleman is very uncertain in his temper just now, and at his best he is far from being a man of determination. He is liable to give the High Commissioner to his friend Hon. George Hasley Perley; or Hon. Bob. Rogers may make a demand which Mr. Borden dare not resist; or, in disgust with the way things are going under his faltering hand, the premier may decide that he is more entitled to a refuge from the gathering storm than even Sir Richard McBride. So that, if the Premier is determined to run away from the consequences of his acts, we advise him to map out another route to "London Town."

### HONORING J. J. HILL.

The proposal to found a railroad professorship at Harvard in honor of James J. Hill arises from a desire to pay an adequate tribute to one of the most remarkable men this continent has produced. He stands head and shoulders above his contemporaries in the railroad world, and no name is so closely associated with the development of the American west as his. Imagination, courage, immense grasp and indomitable determination have characterized his extraordinary career. He built up a great transcontinental

system without a subsidy of any kind, developing the country and paying for his road as he went along. When we reflect upon the untold millions the people of Canada have devoted to railway construction it is refreshing to contemplate the phenomenon immediately south of the boundary line which sprang from the genius of James J. Hill. He was the dominating figure in that remarkable quartette—Strathcona, Stephen, Kennedy and himself—who laid the foundation of the Great Northern system. The three others were the financial wizards, but he was the promoter, builder and operator of the road when built. He began life with next to no educational advantages, but to-day, to quote Elbert Hubbard, "he is one of the best educated men in the world." Farmers, bankers and men of various other callings never listen to his addresses without feeling that they have learned much that is of value. Americans have come to regard him as a national asset, and with this idea Canadians can well sympathize, for the man they honor is Canadian-born.

### SPECTACLE FOR THE GODS.

Humor and pathos are blended in the announcement from Ottawa that the government will conduct a campaign of education on the naval question in Quebec during the summer. It will be the third campaign of the kind by Mr. Borden and his friends in the old province in the last four years. The first was in November, 1910, when the Conservative party lined up behind Arthur Gilbert, the Nationalist, in the Drummond-Arthabaska bye-election, in which Mr. Gilbert was returned on a policy of opposition to a Canadian navy and Canada's participation in Imperial naval defence on any basis. It was in this campaign that Dr. Blondin, whom Mr. Borden rewarded with the deputy speakership of the House of Commons, said that it had been necessary "to shoot holes in the Union Jack to breathe the air of liberty." Another enthusiast declared that the victory was "vengeance for the shots of St. Eustache. Those who were hanged on the gallows to defend our liberties are avenged," Arthur Sevigny, who sits behind Mr. Borden, contributed this gem: "Our freedom cost us dear. I am surprised that one of the members of the House of Commons whom you have enriched (Sir Wilfrid) should come to you and say: 'Lie down; crawl before the English who impose their measures upon us.'" Campaign literature, paid for out of the Tory organization funds, declared that Laurier was about to adopt conscription to take young men away "to fight on all the lands and seas on behalf of the English flag." This "campaign of education" was appreciated so profoundly by the Tory party that the Hon. George E. Foster sent to Mr. Gilbert, the successful candidate, a telegram warmly congratulating him upon his victory.

So much for the first campaign of the Tory party in Quebec on the naval question, a campaign that was so successful that it resulted in a definite alliance between Tory and Nationalist with the common object of fighting a Canadian navy because it involved participation by Canada in Imperial defence. The next campaign of education in the old province by Mr. Borden and his friends took place in 1911. It was financed entirely by the Conservative organization in Montreal. The affectionate relations between Tory and Nationalist which existed at that time were described in an illuminating series of articles in Le Devoir by Henri Bourassa a little more than a year ago. Mr. Borden agreed to allow the Nationalist propaganda full swing in Quebec; that is, the arrangement was that Laurier was to be attacked as too British in the ancient province while in Ontario he was to be stigmatized as a traitor to British connection in the light of the reciprocity agreement. Among the bitterest opponents of the idea of Canadian participation in naval defence in that election were Messrs. Monk, Pelletier and Nantel, who, in pursuance of the treaty, were taken into the cabinet when victory crowned the manoeuvre.

After the general election of 1911 the "campaign of education" continued. Postmaster-General Pelletier's paper, L'Evenement, justified the proposed contribution of \$35,000,000 in this way: "It is only a gift of money. Ontario and the West will pay it. It does not mean that your sons will have to serve on ships as they would under the accursed Laurier scheme." Subsequently this eminent ornament of the only Imperialistic ministry said that after making the one contribution nothing more would be heard of it. We merely were hiring Britain to do our fighting for us. "Over there they can get sailors to do this for twenty-eight cents per head. Mr. Borden is keeping his pledge."

Mr. Borden kept his pledge all right. He ordered the return of the tenders for the construction of ships in Canada. He ordered the dismantling of the Rainbow and Niobe. He announced that he would repeal the Canadian naval law. His cabinet dare not countenance the naval volunteer movement at Esquimalt. He steered clear of a naval conference last year and this year because he feared it might result in an arrangement for the organization of local fleet units on the Pacific. And now, we are told, "a cam-

paign of education" on the naval question is to be conducted in Quebec this summer.

Who will participate in that campaign? Will it be the twenty-two Nationalists whose election on an anti-navy platform raised three of their members to the cabinet? Will they tell their constituents, in the words of Louis Philippe Pelletier, that the proposed \$35,000,000 "is only a gift of money and that will be the last of it; anyway Ontario and the west will pay for it, and we can hire Englishmen to serve on our dreadnoughts for twenty-eight cents per day?" Will Doctor Blondin declare that "those who cut to pieces our fathers on the Plains of Abraham ask you to-day to go and get yourselves killed for them?" Verily, the campaign of education will be a fearful and wonderful thing.

The pathos of the situation lies in the fact that Mr. Borden feels that he has got to undo the dirty work done under the alliance formed by him in the province of Quebec. He must do this before he can develop a permanent policy. He cannot face a naval conference next year with twenty-two Nationalists on his back. Neither can he escape the consequences of his maladroitness. A campaign of education by Mr. Borden with Mr. Pelletier and Dr. Blondin at his elbow will be a spectacle for the gods.

### COMING TO A HEAD.

Is the little Canadian town of Niagara Falls destined to be embelished in historical as well as in tourist literature? Will it take its place with Ghent, Ryswick, Aix La Chapelle, St. Stefano and Portsmouth as the scene of negotiations which brought a sanguinary conflict to an end? A few days should determine the question. A dispatch received to-day states that Huerta has commissioned his representatives to announce his resignation if there is no other way to a settlement. If this is true it simplifies the difficulty exceedingly. Huerta holds the key to the situation. His elimination will remove the most formidable obstacle in the first act of the Mexican drama; at the same time a withdrawal in these circumstances will enable him to escape a dangerous predicament without loss of dignity and prestige. Better to forego the doubtful glory of dictatorship than to fall into the hands of Villa.

But after Huerta, what? Is Carranza any better? Villa, of course, is out of the question, and yet Villa must obtain some reward for his victories. If he becomes Minister for War, for instance, it is altogether likely that he will industriously lay mines for another explosion and stride to the presidential chair over the wreck. Carranza may be the choice of the people, but Villa will be the choice of the army, and in Mexico it is the army that rules. One eventually seems to be definite. The United States will have to play a more responsible role in the administration of Mexico. Whoever heads the government of the country must have Washington at his elbow. By pursuing the course Great Britain has pursued in Egypt, the United States can do much to eradicate the hatred with which Mexicans regard her, and build up a stable government to the advantage of the Mexican people and the world at large.

The Hon. Martin Burrell has been commissioned by the Dominion government to welcome the peace envoys to Canada this week. From this we may conclude that the opening ceremony will be a tango tea.

Here is an event that will become historic. Cents were first used in Vancouver and Victoria in the year 1914, during the Premiership of Sir Richard McBride, who claims to be the creator of "prosperity." Sir Richard is certain to take credit for the introduction of coppers as an effort on his part to reduce the cost of living.

According to a bulletin issued by the chief analyst of the Inland Revenue Department at Ottawa, out of 137 samples of ice cream selected by the

A load of millwood costs you \$3, and maybe it is wet at that. The next time when ordering fuel, instead of ordering wood, why not try a half ton of our

### Washed Nut Coal

for

\$2.75

delivered.

You will find that it will give you a cleaner, quicker, brighter and quicker fire than any cord or millwood that you ever used.

### Kirk & Co.

food inspectors 49 were adulterated and eight were slightly below the required standard. In other words, seventy-four per cent. of the samples were below the standard.

The morning paper asks, is not this province worth developing? The answer is that so great are its resources and so assured its future that the people should not have been compelled to pledge their credit in the sum of \$48,000,000 to induce Sir William Mackenzie and Sir Donald Mann to build their railroad here.

As that telescope is going to be seventy-two miles long, judging by the prominence given to it in the morning paper, why not suspend it across Seymour Narrows and use it as a tube for all-rail connection? We pass this suggestion along to our contemporary in the hope that it may revive a waning interest in an important project.

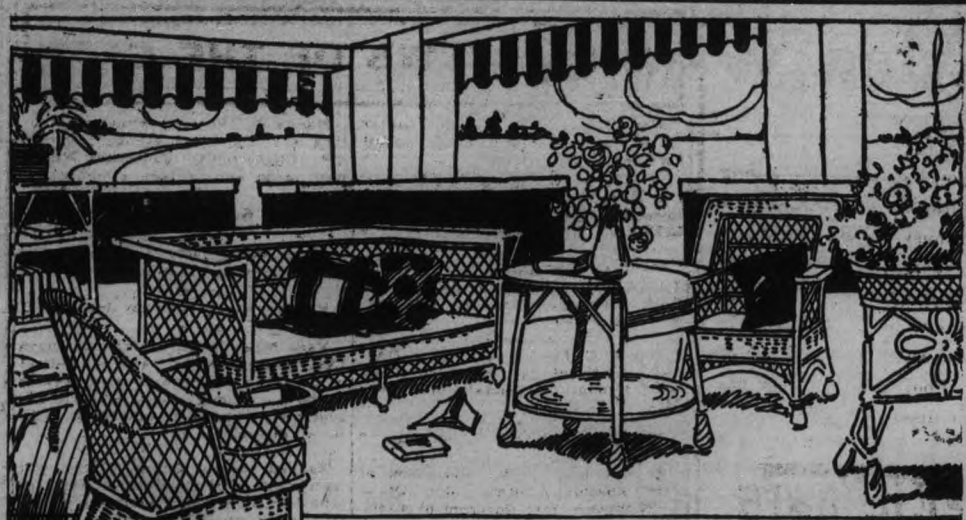

When Woodrow Wilson was about to begin his campaign for the presidency he found it necessary to ask Col. George Harvey, of Harper's Weekly, to refrain from writing articles in his behalf. He thought Col. Harvey's support would injure his chances. May we suggest the incident to Mayor Stewart in the light of the blarney handed out to him yesterday morning?

A contemporary says Sir Richard has given the critics of his railroad policy some nuts to crack. They will proceed to crack them after he has cracked the nut handed to him by Sir William Mackenzie and Sir Donald Mann. One of the reasons given by Mr. Borden for his proposed further assistance to the road is that it is necessary to save the western provinces from the consequences of their policies. The recent developments show how unerring was the foresight of the late Hon. R. G. Tatlow and the Hon. F. J. Fulton, who left the cabinet in 1909 rather than be a party to a contract which they saw would be inimical to the best interests of the province.

During the recent gun-running exploit in Ulster a coastguardman dropped dead from excitement. When a member in the House of Commons inquired of the ministry if the unfortunate man had died in the performance of his duty, shouts of laughter went up from the opposition benches. The incident goes to the root difference between the two parties. The Liberals regarded the coastguardman as a devoted servant of the state, a man whose life was of value to the country. The party of privilege looked upon the affair as one too trivial to be mentioned in parliament. He was only a common coastguardman, anyway. And yet, mayhap, he was a better man than most of the aristocratic young cockneys who crowded when his death was mentioned.

### UNIONISM'S LAST DITCH.

(Chicago Tribune.)  
If desperate tactics are any proof of a party's being in the last ditch, the British Tory interest must consider itself there.

## Furnishings That Will Add to the Comfort of Your Summer Home

We quote a few inexpensive items that will greatly add to the appearance and comfort of your summer home. Special displays of these goods are being made daily in the Furniture Section on second floor, View street.

### SEA GRASS FURNITURE

An Easy Chair or Rocker will be found most comfortable, either for indoor or lawn use. We have just unpacked a new shipment, and can show you some excellent values and a good variety of styles.

Chairs from \$2.90 to ..... \$5.90  
Rocker from \$4.90 to ..... \$6.90  
Round and Square Shaped Tables from \$4.90 to ..... \$6.90

### CAMP FURNITURE FOR BOYS

Most boys enjoy camp life, especially during summer time, so this season we have prepared a special selection of camp furniture suitable for boys' use. We have cots, chairs, tables and stools, all strongly made and very durable. Space will not permit of full details here, so come along and see for yourself.

Camp Chairs, each ..... 35¢  
Camp Stools, each ..... 25¢

### CREX MATTING SQUARES

Nature's own floor covering. We have an extensive assortment of these Squares in stock and can give prompt delivery. These famous Squares are made from a strong grass, well manufactured in reversible patterns and a good range of colorings.

Size 9 x 12 sells at ..... \$11.50  
Size 8 x 10 sells at ..... \$8.50  
Size 6 x 9 sells at ..... \$5.50  
Size 4 1/2 x 7 1/2 sells at ..... \$3.25  
36 ins. wide and sold by the yard at ..... 75¢

### BAMBOO SUNBLINDS

We have a full stock of these, both in the natural and stained green styles. A good quality Blind at the following prices:

In Natural Color—  
Size 4 x 8, each ..... 60¢  
Size 6 x 8, each ..... 85¢  
Size 8 x 8, each ..... \$1.10  
Size 10 x 8, each ..... \$1.45

Stained Green—  
Size 4 x 8, each ..... 85¢  
Size 6 x 8, each ..... \$1.10  
Size 8 x 8, each ..... \$1.40  
Size 10 x 8, each ..... \$1.75

### OLD HICKORY FURNITURE

Needs no introduction to Victorians. It's the good old style furniture that's strong and durable and not in the least bit affected by sun or rain. We have a large assortment of chairs and rockers just to hand suitable for veranda or garden use. Prices range from \$2.75 to ..... \$6.75

Bridge Over Pitt River.—The provincial department of public works has deposited with the minister of public works at Ottawa the plans of the proposed bridge over the Pitt river at Port Coquitlam, and will apply for a certificate of approval within the next ten days.

Museum Open Longer.—With the approach of the season when large numbers of tourists visit the city, the provincial museum will be kept open longer hours than is usual during the winter and spring. It will remain open on Saturday afternoons and will also be open for some hours on Sundays. There is no place in the city which is more largely visited by tourists than the museum, and its splendid collection of provincial objects of interest is always a matter of praise.

## BRIEF NEWS OF THE CITY

Wm. Stewart, Men's and Ladies' Tailor, A. Campbell building, corner Fort and Douglas street.

S. P. C. A.—Cases of cruelty 'phone Inspector Russell, 1921; Secretary, L1738.

Needless Operations and Expense Avoided by having your dental work done by Dr. J. L. Thompson, 1214 Government street.

The B. C. Funeral Co., Chas. Hayward, president, 784 Broughton street. Calls promptly attended to. Phone 2235.

Phoenix Stout, \$1.50 per doz. qts.

A New Method for Extraction of Teeth absolutely without pain. Dr. J. L. Thompson, 1214 Government street. Open evenings.

Awnings for your windows or curtains for your porch made to order at the lowest prices; best materials used; workmanship guaranteed. Ask for samples and estimate. Galloway's Furniture store, 2649 Douglas St., near Hillside avenue.

Economy Wet Wash Laundry.—Family wash, 75¢ a week. Clothes returned on the following day, thoroughly washed. Phone 3339, 2612 Bridge street.

Show Cases.—\$9 per foot and up. We design and fit up complete stores of every description. Call up Victoria Show Case Co., 2836, Factory, 2207 Government St.

Phoenix Stout, \$1.50 per doz. qts.

Very Nice Indeed are the Silverine Glass water sets. Made to imitate cut glass with silver deposit. Pretty Patterns. Would make a most acceptable wedding present. \$3.00, \$3.25. R. A. Brown & Co.

Spanish School Board.—There will be a meeting of the Spanish board of school trustees this evening at Royal Oak, when applications for the position of secretary, vacant through the removal of W. Campbell from the district, will be opened.

Laying Tracks.—The track-layers have been busy for the past few days on Fort street, between Cook street and Linden avenue. The ties have been put in place on the base and already a great portion of the double-tracking is in position. While the street is in process of being paved, the street cars are being run along one of the tracks, which up to the present have carried the cars near the sidewalk. The track-laying and paving operations are engaging a large gang of men on the street and the scene is a busy one.

Tent Dwellers Too Early.—There is some misapprehension among the tent-dwellers of the city as to the making of applications for licenses for tents for domestic use. They do not need to do so until sixty days after the final passage of the by-law, which took place last Monday evening. This will bring their applications in just before the half-yearly period when licenses expire, and it becomes necessary to get new ones for the ensuing six months, at an expenditure of twenty-five cents. Several applications have been received at the city clerk's office from occupiers of tents who thought that they had to apply at once.

Mount Revelstoke Park.—The federal government has set aside an area of ninety-five acres on and about Mount Revelstoke as a national park, to be known as Revelstoke National park. It having been found on investigation that the area is not suitable for purposes of ordinary settlement, "but possesses features of striking natural beauty, including glaciers, mountain peaks and waterfalls, which attract large numbers of tourists and make it adapted for the purposes of a scenic park." The provincial department of public works, which is so backward in providing roads and trails for the settler, has commenced the building of a motor road up the mountainside, but for the present it ends nowhere.

War Pictures, direct from the firing line in Mexico, showing modern warfare in all its details, will be shown at the Royal Victoria theatre on Tuesday and Wednesday of this week. Performances will be given continuously from 2.30 p. m. to 11 p. m. The copies come direct from the laboratory of the Associated Press representative, Doctor Charles A. Pryor, who has compiled four wonderful reels, showing the famous Federal and rebel generals in action on the battlefields of Ojinaga, Mesa and Tierra Blanca. The generals shown under actual fire are Pancho Villa and staff; Generals Salazar and Castro are shown on the actual firing lines at Mesa. These pictures were shown to crowded houses in Vancouver and will be in Victoria for two days only. An idea of the intensity of the pictures is gathered from the fact that while the films were being secured at Ojinaga the camera was demolished by rebel bullets. Graphic pictures are shown of the 200-mile march over the desert of the 5,000 refugees from the western Mexico cities into the Rio Grande territory. Mr. Ernest Truh, who was on the ground at the time the pictures were taken, and participated in a number of prominent battles, will give an interesting lecture as the pictures are thrown on the screen. An extra added feature is the two-reel Keystone comedy, entitled "Caught in a Cabaret." Charles Chaplin and Mabel Normand, of the Keystone Studios, have excelled themselves in this production; the film is funny from start to finish, and continuous laughter has greeted this offering on its trip across the continent.

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, Saturday, May 18, 1889.

The barque Wanlock, Capt. Cook, arrived in Esquimalt harbor this afternoon with the crew of the barque Enchanter on board. The Enchanter, Capt. Scott, with a cargo of coal, was making the voyage from Sydney, Australia, to Panama, when, in latitude 35 south and longitude 105 west, she ran into heavy weather. She was damaged and lost her rudder. Jury masts and a jury rudder were rigged, but she strained in the heavy sea and began to leak badly. On April 16 the Wanlock, bound from London to Victoria with general cargo, sighted the Enchanter and took off the crew. The lost Enchanter was a wooden barque of 479 tons register, built in Dundee in 1851. Capt. Scott and Capt. Cook were friends of long standing. At this morning's session of the third British Columbia conference of the Methodist church it was decided that the next conference should be held at Vancouver. The motion of the laymen that the general conference be memorialized and asked to so amend the discipline of the church as to permit of lay representation on the stationing committee was carried. A fine elk's head for the provincial museum arrived from the mainland yesterday.

## HARD TO SERVE PINNER

Opera House Company May Mail Notice of Writ to Theatre Contractor.

Leave has been granted Lindley Crease, K. C., counsel for the Victoria Opera House Company, to serve Arthur Pinner, of Pinner and McLeellan, with notice of the Opera House Company's action against the partnership by mailing a registered letter to his office in Seattle. Application for this privilege was made before Mr. Justice Clement this morning. Mr. Crease declaring that Pinner was travelling about evidently striving to avoid service. The Opera House Company is claiming \$50,000 damages for breach of contract in failing to complete the work on the Royal Victoria Theatre, and for decamping with the \$50,000 given the contractors to pay the sub-contractors.

## BIBLE HISTORY IN PICTURES.

Part Two Shown for Last Time; Next Part in Pantages Theatre May 24.

Last night witnessed the final presentation of part two of the photodrama of creation and the reality with which Bible history was portrayed was widely appreciated. The interest in the offering was attested to by the fact that the theatre was filled to its utmost capacity. Many were turned away from the doors, indicating that if a larger theatre had been the scene, the audience would have been much greater.

Next Sunday, in the new Pantages theatre, part three of the drama will be shown. It commences with the scenes from the life of King Nebuchadnezzar, and the fall of the great Babylonian Empire before the hosts of Medo-Persia. Then follows the explanation of the prophecies of Daniel, showing the Bible history and the life of Christ to the time of the crucifixion, and presenting the famous Obermargu Passion play. It closes with the scenes of the Pentecostal blessing.

## PEOPLE IN VICTORIA ARE AMAZED

No medicine has ever caused such amazement in Victoria as the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka. This remedy drains such surprising amounts of foul matter from the body that it is known as the most thorough bowel cleanser sold. Adler-I-ka acts on BOTH the upper and lower bowel and JUST ONE DOSE relieves constipation and gas on the stomach almost IMMEDIATELY. Hall & Co., 702 Yates St.

Test of Salt Water System.—What everyone present agreed was a satisfactory test of the city's salt water high pressure system, auxiliary to the ordinary mains for fire-fighting purposes, was made early yesterday morning in the presence of the experts of the National Board of Fire Underwriters, W. Maury, who is making the general inquiry as to the position of affairs here, and J. Wheeler, a hydraulic engineer, who came over from Seattle to assist Mr. Maury in this part of his investigation.

Solicitor Has Report Ready.—At to-night's sitting of the city council a report will be ready from the city solicitor on the matter of the action the city can take in regard to race meetings and the operation of the pari-mutuel machines at the Willows. This is in response to the instructions contained in the resolution passed last Monday, affirming the attitude of the council in opposition to professional racing and gambling, the solicitor being asked to report as to the powers of the city in the matter.

"If you get it at PLIMLEY'S it's all right."

## THE "MINSTREL RAE" IN TOWN AND COUNTRY

Among country riders this Cycle is daily growing in favor because it is built to stand hard service and is mechanically perfect, and every townsman is delighted with its neat finish and stylish appearance.

The Free Wheel or Coaster Model is only \$40.00  
Other models with further attachments are priced at \$50.00 \$55.00 and \$60.00

# STEINWAY

The possession of the best is none too good for anyone who loves music, for, whether you play, sing or are content to listen, remember that a piano is purchased for a lifetime's service and enjoyment.

Hence, in the choice of a piano do not consider the claims of any that must acknowledge a "superior" in its class.

The Steinway Piano is a mechanical and an artistic triumph—the master work of four generations of pianoforte experts. With its purchase you close the avenue to future regret. This assurance and satisfaction is well worth the slightly higher cost of the Steinway.

We invite you to come and see the Steinway.

and others. Some 600 prominent citizens were invited to attend this performance as guests of the management and the entire ground floor and a few rows of the balcony were set aside for the purpose.

The first public performances will be given at 7 and 9 o'clock this evening, boxes having gone on sale at 10 o'clock this morning.

Not until Saturday night was it evident what a commanding situation had been selected for the new house. It is just above the bend in Government street and when the gorgeous electrical display which has been devised for the front of the house is illuminated the theatre presents a most inviting aspect which is visible almost to the Empress Hotel.

TAKE GOOD COLLECTION.  
Sum of \$58.60 Raised by Fifth Regiment Band at Benefit Concert for Newfoundlanders.

The collection taken by the Fifth Regiment band yesterday, at its benefit concert in aid of the widows and orphans of the Newfoundland seafarers, resulted in the sum of \$58.60, this being a generous response from the visitors at the Gorge park where the concert was held.

If You Want a Truck or Express Wagon, phone 693. Cameron & Caldwell. Phone 693. 829 Johnson.

Phoenix Beer, \$1.50 per doz. qts.

## REMARKABLE WORK OF JUVENILE ACTORS

"Just Kids" at Romano Theatre To-day and To-morrow.

When the Eclair Manufacturing company started a juvenile company of actors in the making of motion pictures, they little dreamed that the results would be as great as they have been. All the members of this company are under twelve years of age, and the work done by them, would do credit to even the best of the older motion picture stars.

Another excellent picture on the programme at this theatre to-day and to-morrow, is the "Aurora of the North," a wonderful two-reel Rex film featuring Robert Leonard and Hazel Buckham. The scenes of this wonderful drama were laid in the

Canadian North country and are all of the highest order. The Romano theatre has become noted of late for the quality of pictures being shown at this popular place of amusement. A number of excellent feature films have been shown during the past month, and it is the intention of the management to secure even better pictures in the near future. The playing of Mr. Julian Haywood, on the organ and piano is also meeting with the approval of the patrons. Mr. Haywood is a master on these instruments, and has played for the best of nobility in various parts of the world.

## Shipping News from Day to Day

### VICTORIA ONCE AGAIN LINKED WITH TACOMA

Iroquois in To-day on First Trip in Popular Service; Expect Much Travel

After being suspended for the winter months the Tacoma-Victoria service has been resumed, and this morning at 6.30 o'clock the well-known steamer Iroquois, Capt. Carter, steamed into port completing her first trip from the City of Destiny this year. She brought in a fair list of passengers and there is every indication that the business of this route will be heavier during 1914 than at any time since the inauguration of the run.

Ever since the early days of Victoria and Tacoma there has been a peculiar friendship between these two cities. Many of the present business men of this city spent their honeymoons and vacations in the Sound port and it seems that many of the happy couples from the City of Destiny came here also. "It was a case of swapping of honeymoons and I think the towns were about even in the results," is the way one of the bridegrooms of those days speaks of the matter.

Big Trade Is Expected.

The operators of the Tacoma-Victoria service anticipate a great volume of business this summer. Victorians are now able to proceed direct to the Sound ports, leaving here at 8.30 o'clock in the morning, except Saturdays, reaching Seattle at 2 p.m., and Tacoma an hour and a half later. Returning, the Iroquois leaves Tacoma at 8 p.m. (except on Saturdays) and Seattle at 11.30 p.m., berthing at Victoria at 6 a.m. On the trips to Tacoma the Iroquois makes a call at Port Townsend.

With the return of the Iroquois to the Tacoma service, the steamer Sol Duc has again resumed the Victoria-Seattle service via Port Angeles and Port Townsend. She sails from here at 11 a.m. and arrives in at 8.30 a.m.

### SHIPPING INTELLIGENCE

May 17.

San Francisco, May 18.—Arrived: Steamer Aztec, Balboa; British steamer Cetra, Mazatlan via Guaymas; steamer Enterprise, Hilco; steamer Sven, Clarendon; steamer Fido, Oakes; Gray's Harbor; steamer A. M. Simpson, Coos Bay; steamer San Ramon, Astoria; steamer City of Puebla, Victoria. Sailed: Steamer Nome City, Seattle; steamer Col. E. L. Drake, Seattle; steamer Jim Butler, Astoria. Seattle, Wash.—Arrived: Steamer Bee, San Francisco; British steamer Prince Rupert, Prince Rupert. Sailed: Steamer Oleum, Port San Luis; steamer City of Seattle, Southeastern Alaska; British steamer Prince Rupert, Prince Rupert. Tacoma, Wash.—Arrived: Steamer Atlas, Richmond, for Vancouver.

### DEN OF RUTHVEN TO REACH HEAD AT 3 A. M.

Royal Mail Liner Reports by Wireless; Two Oriental Ships in on Wednesday

Finishing her second inward voyage from Hull and London via Oriental ports the Royal Mail steamship Den of Ruthven, Capt. Heemling, will come to an anchorage off William Head at 3 o'clock to-morrow morning, a wireless message to that effect having been received by the local agents to-day. The vessel will tug at her chains until daylight, when Dr. Nelson will pay her his official visit to grant her pratique, enabling the ship to proceed to the outer docks and discharge.

The Den of Ruthven is completing a very good run from Yokohama, having cleared that port on May 5. She was not expected to reach Victoria until Wednesday, but good weather has evidently favored her on the Pacific and she is running across in a little better than 15 days. It is reported that she has over 500 tons of European and Oriental freight to discharge here, which means that she will be berthed here until late to-morrow night before the last package is lowered from her hold.

Shidzuoka on Wednesday. At noon on Wednesday the Nippon Yusen Kaisha liner Shidzuoka Maru, Capt. Deguchi, will arrive at William Head and make fast her mooring ropes at the ocean docks about an hour later. She is arriving one day ahead of her schedule. The Shidzuoka has a large list of passengers, and at this port 118 Orientals will disembark. Her first-class accommodation is all taken and the stowage is almost filled to its capacity. The Japanese liner also has one of the largest cargoes brought in for some time. Her holds are just about filled to the hatch combings. At this port the longshoremen will discharge nearly 500 tons of merchandise.

Empress of Japan Spoken. Late last night the C. P. R. liner Empress of Japan, Capt. Hopcraft, came within wireless range and gave her position as being approximately 960 miles from Victoria at 8 o'clock. She is expected to reach William Head shortly after the Shidzuoka Maru. Some news is expected of the Japanese steamer Komagata Maru, and her complement of Hindu passengers, with the arrival of these three big vessels, which are pursuing the same track as that taken by the Komagata. All the ships sailed from Yokohama after the Komagata is reported to have departed.

### AWA READY TO SAIL.

With a large cargo and a number of passengers, the Japanese liner Awa Maru, of the Nippon Yusen Kaisha, will steam from Victoria for the Orient to-morrow afternoon. Her cargo will include 3,000 tons of wheat, 600 tons of flour, 40 tons of acetate of lime, 3,500 feet of lumber, 50 tons of scrap iron, 4 automobiles for Vladivostok and 300 tons of machinery and general merchandise. The Awa is now at 5 o'clock in the afternoon.

### OIL BUSINESS SLACK TANK SHIPS LAID UP

Coastwise Trade Fallen Off, but Offshore Shipments Show Increase

San Francisco, May 18.—The coastwise oil business seems to have fallen off equally as much as the lumber business. The Standard Oil company has laid up its three big barges, 91, 93 and 95, and the Associated Oil Company has laid up its steamers William F. Herrin, W. S. Porter and J. A. Chanslor, as well as the tank ships Marlon Chislett and Falls of Clyde. The export oil business, however, particularly to the Orient and the West Coast of South America, continues to increase.

In the coastwise lumber freight market rates have dropped 25 cents to \$3.50 for this port and \$4 to San Pedro, which will probably mean the laying off of several more steam schooners, the list of idle vessels now numbering over 35.

### Foreign Lumber Trade Quiet.

The foreign lumber trade has become much quieter during the last week. Local shippers report a very poor demand. At the toll rate of \$1.20 per vessel ton, or 100 cubic feet, just announced for canal traffic, the rate on yellow pine will be but 50.4 cents per ton, this class of freight taking up but 42 cubic feet of bulk per actual ton. Wheat through the canal will cost 54.4 cents per ton; flour, 66 cents; oil about 67.2 cents; coal about 55 cents.

Cotton, taking up 160 cubic feet of space per actual ton, will cost \$1.92 per actual ton.

The American-Hawaiian freighter Isthmian, which left here for New York a few days ago, will have her cargo sent through the canal on barges instead of going around the Horn.

### ADD 35 FEET TO YACHT CYPRESS IN TWELVE DAYS

Seattle, May 18.—Work on the yacht Cypress, owned by Col. D. C. Jackling, which has been undergoing alterations at the Seattle Construction & Drydock company's shipyard for the past two weeks, is being rushed to completion in order that she may be ready to take friends to Alaska by June 10. The vessel has been taken from the big floating drydock and officials of the Seattle Construction & Drydock company say that work on her will be completed by June 1.

The principal alteration to the big private yacht was the addition of thirty-five feet to her length. This was added amidships and it was necessary to cut the vessel in two halves. The vessel was placed in the drydock, cut in two, the additional section built in and the craft then floated again within the space of twelve days, which is considered something of a record for hull alterations.

The vessel when completed will be 265 feet long and will have a displacement of about 1,200 tons. Her engines are ample to drive her through the water at her customary speed of eighteen knots, despite the addition in length. The Cypress originally cost about \$250,000, and the present alterations will amount to about \$100,000.

### HEAVY FINE AGAINST TUG.

Seattle, May 18.—Because she answered the call of another tug in distress before legally entering the port of Seattle through the customs house, the steam tug Arctic was fined \$1,000 by customs inspectors. The fine was assessed under the ruling which denies to any vessel the right to engage in coastwise trade in the United States unless legally entered at some recognized port. On April 17 the Arctic came to Seattle from Victoria, but before entering this port responded to the call of another tug which was ashore on Apple-tree Point. With the rescued tug in tow, the Arctic returned to Seattle on April 18 and entered the port legally.

### NEWFOUNDLAND FUND.

Up to date \$29,45 has been collected by the committee gathering funds for the relief of the Newfoundland widows and orphans who were deprived of the support of their bread-earners in the terrible disaster which overtook the St. John's sealing fleet. A number of the steamers operating out of Victoria have subscribed liberally to the fund. From the Princess Adelaide \$13.50 was collected; Joan, \$25.00; Kyuquot whaling stations, \$27.50; and C. P. R. machine shop, \$29. It is expected that the amount collected at this port will still be swelled considerably as the date for closing all subscriptions has been set for June 1.

### RUPERT OFF FOR GRANBY.

The G. T. P. steamer Prince Rupert, Capt. D. McKenzie, sailed for Prince Rupert and Granby Bay this morning at 10 o'clock. Among the passengers who embarked here were the following: J. E. Scarlett, Miss Margaret Taylor and S. McGibbon.

### MARY IN HARBOR.

Yesterday the lengthened steamer Princess Mary came into the inner harbor from Esquimalt, ready for service.

### POSITIONS OF VICTORIA OCEAN-GOING TRADERS

This shipping list, containing the positions of ocean-going ships which make Victoria one of their ports of call, is published weekly.

Osaka Shosen Kaisha.  
Panama Maru, at Hongkong from Victoria, May 18.  
Tacoma Maru, sailed from Hongkong for Victoria, May 14.  
Seattle Maru, at Yokohama from Victoria, May 16.  
Canada Maru, left Yokohama May 13; due Victoria May 28.  
Chicago Maru, at Sound ports loading; sail outward, May 26.  
Mexico Maru, sailed from Victoria for Hongkong, May 12.  
Nippon Yusen Kaisha.  
Sado Maru, left Kobe for Hongkong, May 15.  
Tamba Maru, due Yokohama from Hongkong, May 19.  
Aki Maru, at Hongkong; due to leave May 19.  
Yokohama Maru, sailed from Victoria for Hongkong May 5.  
Shidzuoka Maru, left Yokohama for Victoria May 6; due May 21.  
Awa Maru, due to sail May 19.  
C. P. R.  
Empress of Japan, left Yokohama for Victoria, May 9; due May 21.  
Empress of Russia, at Nagasaki from Hongkong, May 18.  
Empress of India, arrived Yokohama from Victoria, May 14.  
Empress of Asia, sailed from Victoria for Hongkong, May 14.  
Monteagle, at Vancouver.

Canadian-Australia.  
Makura, at Sydney from Victoria May 9; due to sail June 1.  
Marama, sailed from Sydney for Victoria May 4; called at Auckland May 8; due in May 26.  
Niagara, sailed from Victoria for Sydney, May 13.  
Kent, left Vancouver for Australia via San Francisco May 5.  
Canada Cape, left Vancouver for Sydney April 2; arrived Auckland May 4.  
Blue Funnel.  
Ixion, from Liverpool for Victoria, left Hongkong, May 13.  
Tathylus, sailed from Singapore for Liverpool May 4.  
Antiochus, at Vancouver discharging.

Cyclops, sailed from Victoria for Liverpool, May 13.  
Teucer, left Singapore for Liverpool, April 24; reported passing Suez, May 11.  
Proteus, reached Liverpool from Victoria, April 17, due to sail for Victoria May 25.  
Titan, sailed from Liverpool for Victoria, April 25; reported passing Perim, May 10.

Maple Leaf Line.  
Arna, at Santa Rosalea from Victoria, May 4.  
Buena Ventura, at New York loading for British Columbia.  
Kentra, from North Pacific ports for England, called at Tenerife, May 10.  
Queen Louise, at Buena Ventura from New York, April 28; due Victoria, May 25.

Harrison Direct Line.  
Engineer, reached Liverpool from Victoria April 30.  
Architect, at Sound ports.  
Musician, left Liverpool for Victoria, April 18; called at Santos, Brazil, May 9.  
Candidate, sailed from Liverpool for Victoria, May 16.  
Benefactor, en route from Liverpool for Victoria, at Santos, Brazil, April 14.  
Crown of Toledo, en route from Puget Sound to Liverpool at Tocoplilla May 7.

Hamburg-American.  
Belgravia, bound for Hamburg, arrived at Manila April 30.  
Sithonia, at Hamburg, May 8.  
Andalusia, at Hamburg.  
Rudmark, loading at Puget Sound, Ore.  
Hosender, left Yokohama for Victoria, May 10; due, May 27.  
Sumbra, arrived at Singapore from Victoria, April 30.

Royal Mail Steam Packet Co.  
Merionethshire, from Victoria for Liverpool, at Colombo, May 10.  
Glenroy, left Portland for Orient, May 13.  
Cardiganshire arrived Shanghai, May 7.  
Radnorshire at Portland.  
Den of Ruthven, sailed from Yokohama for Puget Sound, May 3; due Victoria, May 20.  
Carnarvonshire (new), sailed from Suez for Victoria, April 26.  
Den of Airlie, arrived London May 7.  
Glenloch, left Hongkong for Japan and Puget Sound May 3.  
Monmouthshire, sailed from London for Orient and Puget Sound, May 11.

### H. B. CHARTERS SCHOONER.

Seattle, May 18.—When she returns from her present voyage to the Kuskokwim river, the three-masted northern trading schooner Ruby will begin loading for an expedition into the Arctic as far east as Herschel Island, under charter to the Hudson's Bay company. She will carry supplies for the company's trading station and the Royal Northwest Mounted Police posts in the most remote and inaccessible region of the continent. So far as now known, the Ruby will have the distinction of being the only Seattle vessel to make the perilous voyage to Herschel Island this year.

### PRINCESS SOPHIA ARRIVES.

The C. P. R. steamer Princess Sophia, Capt. Douglas Robertson, arrived in port this morning from Skagway and Prince Rupert. The Princess Mary will return to the Skagway trade sailing north late to-night.

### GOOD FOR CHILDREN

As a true Spring tonic and pure blood-making food for growing children, Scott's Emulsion has distinguished itself with the medical profession because it is pure, mild and non-alcoholic. Every druggist has it. Shun substitutes.

### HEAD WINDS PROLONG VOYAGE OF UMATILLA

Steamship Makes First Call on New Schedule; Capt. J. Thompson Returns

Inaugurating the new northbound sailings of the Pacific Coast Steamship company, the Umatilla, Capt. Reilly, arrived in port at 8 o'clock last night from San Francisco, after being at sea three days and six hours. Strong head winds with a nasty sea at times, impeded the speed of the Umatilla and the trip she logged was the slowest made since the winter. The steamship is not fast under the finest weather conditions, and head winds cause her to lose time.

The new schedule of the Pacific Coast calls for the northbound steamships to arrive here on Saturday mornings instead of on Fridays. Going south, the vessels are to clear from Victoria on Friday at 8 a.m. instead of on Wednesday. The change has been made so as not to conflict with the three sailings out of Seattle, of the President, Governor and Congress. It is hoped that the Pacific Coast will see its way clear in the near future to have the steamship President call at Victoria. The Umatilla and City of Puebla are fairly comfortable craft, but are rather slow, and present-day travelers like to travel on big ships with considerable luxury at their disposal. Victoria each year gives a lot of business to the Pacific Coast company.

### Capt. Thompson Returns.

Among the passengers who came north on the Umatilla was Capt. J. Thompson and Mrs. Thompson, who have been residing in California for some time. The captain, who was a Victoria pilot for about 30 years, looks to be in excellent health. The other saloon passengers who disembarked here were as follows: R. Thompson, Sam Newman, Mrs. Rose Govrice, Jack Govrice, Myrtle Govrice, George Govrice, Mrs. Torror, H. Herman, Mrs. McDonald, B. Long, C. H. Towers, A. Pearson, W. Sutherland, A. Taylor, Olive Ure, Clara Ure, J. A. Costello, W. E. Asson, W. Wonders, J. W. and Mrs. Booth, John Thompson, William Anderson, J. F. Corfield, Mary Fielding, Jack Fielding, May Fielding, Dolly Fielding, Alice Fielding.

The Umatilla discharged about 200 tons of cargo here and proceeded to the Sound early this morning.

### WIRELESS REPORTS

## M'BRIDE SHIELD FOR COQUITLAM

### WARDS UNABLE TO HOLD WINNERS

Mainland Eleven Score Three Goals While Wards Fail to Tally; B. C. F. A. Looks for Big Season

1911—Victoria Wests.  
1912—Victoria Wests.  
1913—Coquitlam.  
1914—Coquitlam.

Overcoming a lead of one goal which the Wards had secured at Coquitlam a week before, the Coquitlam eleven defeated the Island league champions 3 to 0 at Oak Bay on Saturday, retaining possession of the McBride shield and the soccer championship of British Columbia. The result was a complete surprise to the local followers of the game and the Wards were stunned by their loss of the trophy after having virtually won the shield on foreign grounds. Coquitlam's victory was their win, the visitors displaying an almost impenetrable defence, while their attack showed the effective combination that gets goals. A crowd of nearly a thousand witnessed the game, the Coquitlam rooters giving their team splendid support from the side lines.

Overconfidence appeared to account for the poor showing of the locals in the first half, when the Coquitlam team secured two of their goals and practically made sure of their victory. The Wards' attack never got within shooting distance, while their defence was rocky and failed to clear as it usually does. Taylor's hefty kicking was lost because of the slowness of the forwards in taking advantage of their openings. Coquitlam displayed a pep-

py line, with a very aggressive half-back division that gave their forwards magnificent support. Miller and Parker played heroic football for the winners, though the first of the Coquitlam scores was very lucky, the ball bouncing over Baines' head on an attempted centre pass. Wards' rally in the final session brought the enthusiasts to their feet, but Coquitlam played safe and added another goal from an open field. Johnson breaking through the Victoria defence and beating Baines alone.

Ald. Okell presented the trophy, congratulating the visitors on their splendid victory. Mr. Okell referred in pleasing style, the teams being:

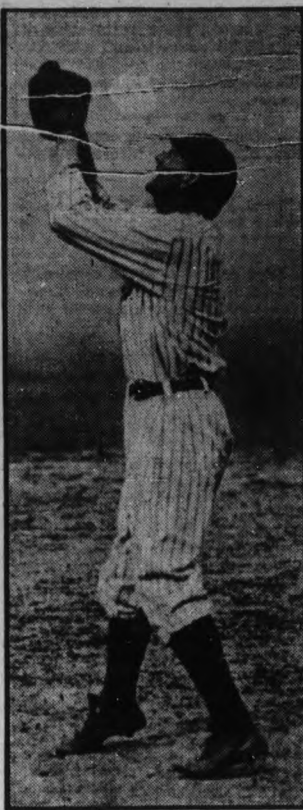

Coquitlam—Morrell; Marshall and Parker; Millard, Thorpe and McLellan; Elben, Black, Harrop, Johnson and McKenzie.

North Wards—Baines, Taylor and Newlands; McGregor, Tunnicliffe and Brown; Whittaker, Muir, Pickering, Nichols and McCarter.

Summary.  
1. Coquitlam, Harrop, 15.00.  
2. Coquitlam, McKenzie, 10.00.  
Second Half.

In the evening the teams were banqueted at the Ritz hotel, the Wards tendering the champions a splendid repast. An impromptu meeting of the newly-formed B. C. F. A. was held after the match, and Secretary Kearns of Vancouver, stated that the McBride shield will in all probability be taken over by the B. C. F. A. It was not stated whether the new body will favor affiliation with the D. F. A. An international league with Seattle, Tacoma, Vancouver and Coquitlam as probable entrants, is now proposed, with the McBride shield going to the winner of this organization.

## LEAGUE CHANGES

EMIL FRISK

Vancouver's veteran right-fielder, who has been traded to the Spokane club for Watt Powell. Frisk is hitting .333 for the Beavers, while Powell is around the .200 mark. Spokane has also purchased Lou Stanley, the Portland southpaw in an effort to keep up in the race, while McGinnity has signed up Kiddo Wilson and Ed Erickson, the former Vancouver twirler. Ed Kelly has accepted terms with Seattle and is expected to join the Giants this week. Other clubs in the Northwestern league are also strengthening their weak points.

## SEVERAL OFFERS FOR VICTORIA FRANCHISE

Spokane Here for Important Series; Federals May Invade Cleveland

Several offers for the Victoria franchise from Victoria sportsmen are now in the hands of President Fielder Jones, and it is fully expected that the franchise will be transferred at tomorrow's meeting of the league directors. President Jones is expected either to take over the club in the name of the league at Tuesday's caucus or consider the bids that have been made for the club. There is no chance of the team being taken away from this city. The former owners of the Victoria franchise T. P. McConnell and L. A. Wattelle are expected in the capital this week. President Jones wired them to come north, and they will be here to help straighten out matters.

Despite the declaration of President Gilmore, of the Federal league, that there will be no further changes in the makeup of the circuit, it is now rumored that the Federals are making plans to transfer either the Pittsburgh or Kansas City franchise to Cleveland. The Naps are drawing poorly because of their lowly standing, and it is said that Ward brothers, owners of the Brooklyn Federals, have secured an option on a baseball park for the use of the new Federal League club.

Portland wound up the Victoria series in grand style, taking both games from the Bees. On Saturday they pounded McHenry and Chapman all over the lot, scoring eight runs, while Victoria could only get one run off Salvesson. Yesterday at the Rose City, Babe Driscoll made the Colts step eleven innings for the verdict. The final score was 6 to 1. Peet and Jones worked for the Portland club, errors helping the latter cop the game. Seattle took both games from Tacoma, beating Kaufman yesterday 5 to 1. Schneider grabbing off his ninth victory of the season. Vancouver beat Spokane on Saturday 4 to 1, Hall beating Baker.

Mike Lynch and his team were idle yesterday. They are registered at the St. James hotel, and the club was strengthened to-day by the arrival of Pitcher Hughes and Outfielder Hogan, from Frisco. Emil Frisk, the former Vancouver slugger, is also here with the Indians. Lynch will likely cut down his twirling staff this week.

The local Japanese nine easily trimmed the junior White Sox at the North Ward park by the score of 19-0.

DENIES HE WILL MARRY.  
Washington, May 18.—"They tried to marry me off again but did not get away with it," was how Walter Johnson, twirling king, denied a hot tip that he was engaged to marry the daughter of Representative Roberts of Nevada.

AGAIN DEFEATED.

London, May 18.—The British polo team which is to play in the United States for the international trophy, was beaten to-day, four to three, by a combination captained by Walter S. Buckmaster.

## TOWNSLEY CREATES SEASON'S RECORD

Fans Fifteen in Seven Innings; Saints Lose to Seattle Semi-Pro. Club

Theo. Townsley's twirling was too much for the B. C. Electric nine at Beacon Hill yesterday morning, and the Allied Printers had an easy win, the final count being 10 to 2. Townsley did not give a base on balls, fanning fifteen of the opposition in seven innings. Jimmy Holness was the Electric's slab artist, but he weakened towards the close, when the Printers started to clout in the runs. Pat O'Rourke's slugging, together with that of Hands, featured the game.

Printers—McNard, c.; McDonald, 1b.; Hands, 2b.; Shields, s.s.; P. O'Rourke, 3b.; Gray, 1. f.; T. O'Rourke, c. f.; Belford, 1. f.; Townsley, p.

B. C. Electric—Renfrew, r. f.; Jones, 1b.; O'Connell, c.; Pike, s.s.; Saunders, 2b.; Bloomfield, c.f.; Rattan, 3b.; Holness, p.; Kerley, 1. f.

The Shaner and Wolf players defeated the St. Francis team at the Royal Athletic park in a pitchers' battle. Rose outclassed Slaton, the visitors winning 5 to 3. Both twirlers struck out fourteen batsmen, but Rose received the better support, and the Seattle club had more speed on the sacks. Slaton issued the only base on balls, but he was hit freely in the pinches, while Rose was remarkably good with runners on the base paths. The Saints had five errors which helped beat Slaton.

Shaner and Wolf—Stone, 1. f.; Hunt, s.s.; Baker, 2b.; Barto, 3b.; Warner, 1b.; Graff, r.f.; Cook, c.f.; Keller, c.; Rose, p.

St. Francis—Moir, 2b.; Leeper, s.s.; Corbett, c.; Clementson, 1b.; McDougall, 3b.; Potts, 1. f.; Gravin, c.f.; McGregor, c.f.; Slaton, p. Umpire Purcell.

The St. Francis Silver Spring players showed their class at Sequim yesterday when they trimmed the Shaner and Wolf team 5 to 4, in a grand battle. McInnes twirled a fine game for the locals, breezing eight of the opposing club's batters, and the Seattle team, but gave way to Graff in the third. Gardner, the Saints' new first-sacker, made a big hit, while Corbett batted hard throughout.

C. P. R. players fell down badly in the final inning of yesterday's game with the Outlaws on the Reserve diamond, the latter scoring four runs and winning the game 9 to 4. Kerr pitched excellent ball for the C. P. R., but his support was ragged.

Beacon Hills' junior league team easily defeated the Swift Canadian nine yesterday at the Beacon diamond by a score of 6-1. Slater in the box for the winners had everything, and whiffed 14 batters. The Swifts used four pitchers. This was the junior league's final game before the opening of the league Thursday night, when they clash with the Messengers at North Ward park.

The Albion ground was the scene of a ragged game yesterday, when the Junior League Senators defeated Woods' Garage. As no adding machines were at hand to keep tally on the runs scored, the exact totals could not be obtained.

The City Messengers won from Oak Bay Sunday by the score of 19 to 16.

## TRIVERS DEFEATED IN OPENING ROUND

Play Starts for English Golf Titles; Ouimet is an Easy Winner

Sandwich, Eng., May 18.—Jerome D. Travers, amateur golf champion of the United States, was eliminated to-day in the first round of the contest for the British amateur championship. The chance that an American would take the title across the Atlantic was thereby reduced to a minimum. Charles A. Palmer, who defeated Travers by two-up, is the Irish open champion, and was the runner-up to John Ball for the championship in 112. He comes from Hansworth, Eng. Neither Travers nor Palmer played good golf. Travers appeared to allow too much for the speed of the green. Consequently he was short with his approach shots, while his drives were about 20 yards shorter than those of his opponent. Even his putting was poor.

H. Holderness, of Benham, beat Henry J. Topping, of the Greenwich Country club, Connecticut, by one-up. S. Chadwick, of Ginstery, beat Edward S. Knapp, of Westbrook, by five-up and four to play.

Frederic Hale, of Chicago, beat W. Whigham, of the Royal St. George's club by five-up and three to play. Charles W. Evans, Jr., of Chicago, beat W. Cranston, of Walton Heath, Eng., by five-up and four to play. J. Murray, of Romford, Eng., beat C. W. Inslee, of the Oakdale Community club, N. Y., by nine-up.

The elimination of Travers was the sensation of the day. It was quickly followed by the defeat of two other Americans, Henry J. Topping and Edward S. Knapp.

Francis Ouimet, the American open champion, won easily from C. C. McGregor, of Manila, champion of the Philippines, by seven-up and six to play. One of the surprises of to-day's play was the defeat of E. A. Lassen, British amateur champion in 1908, who was among those picked out as possible winners of the title.

## SPLENDID BOWLING KEPT DOWN SCORES

Trundlers Enjoy Another Good Day; Oak Bay Won From Navy; Incognitos Also Win

Once more did the bowlers have an edge on the batsmen in the cricket matches of the week-end, and with the exception of E. D. Freeman's 51, the scoring was rather low in the island league matches. Oak Bay had an easy time disposing of the Navy by six wickets, Freeman's big score helping greatly. University School won from the Albions in the A division match at Beacon Hill, by 55 runs, while the Victoria B team defeated the Men's Own eleven by six runs in a closely contested match. S. Ferris took three Victoria wickets for four runs, while Grant bowled seven wickets for 13 runs.

The navy men made a gallant effort to win their match with Oak Bay. They declared their second inning closed with but three wickets down, having scored 83, Cotton with 53 having aided greatly. Oak Bay went in and by good batting in which Barker and Shakespeare led, they pulled out a winner for the loss of four wickets. Sparks' clever bowling proved too much for the Albions, the Incognitos trundling taking five wickets for eleven runs, while E. W. Ismay, of the Albions, bowled eight batsmen for 37 runs. Sparks also hit for 21, while Bennett was high with 32.

Grant had two very useful innings for the Victoria B club, scoring 21 and 3 in his two trips to the wicket. He also bowled in winning style, and the Men's Own eleven found it too great a problem to solve his breaks. Erickson hit a six, the ball clearing the houses on Heywood avenue.

Victoria C. C. defeated the Golfers in easy style on Saturday, the winners compiling the splendid total of 165 runs, while the Golfers could gather but 90. Martin and Cane were high bats with 37 and 29 respectively.

## CUP HOLDERS LOSE OPENING CONTEST

Westminster Shuts Out V. A. C.; Sam Lorimer Now a Provincial Constable

Westminster amateurs had an easy time defeating the Vancouver Mann cup holders in the opening match of the P. C. L. A. at the Royal City on Saturday, the final score being 5 to 0. The winners will play the Victoria team here next Saturday, when Manager Poulin expects to defeat the Westminster twelve. Saturday's summary:

First quarter—Westminster—Nelson, 142. Second quarter, Murray, 17 seconds; Feeney, Westminster, 12.31. Murray, Westminster, 3.46. Third quarter—No score. Fourth quarter—Storrie, Westminster, 13 seconds.

The teams lined up as follows: Westminster—Stoddart, Patchell, Gregory, Atkinson, Cooper, Battson, Huff, Nelson, Storrie, Feeney, Pentland, Murray.

Vancouver—Davis, Campbell, Mason, Carter, R. Painter, Davidson, Kendall, J. Painter, Wilson, Knight, Gilmore, Feidham.

Referee, F. D. Lynch; judge of play, Mahoney.

Sam Lorimer, who was counted upon for goal by the Victoria Lacrosse club, left yesterday for Tete Juane Cache, Lorimer has been sworn in as a provincial constable and will remain at that post for some time.

There is a merry fight going on for places on the home of the local twelve. McCarter has been shifted from centre

to inside home, while McDonald, Baker, Pettierew, McGregor and the rest of the veterans will have to work hard to hold their jobs.

Ed Cotton, the Westminster boy, will be a fixture on the Victoria defense at cover point, with Frank Sweeney at point. Bob Whyte, the West's soccer star, may land the goal position, where he has been showing splendid form.

## LOCAL TRAP MEET.

A number of crack Seattle shots are planning to enter the Victoria trap-shooting meet at Langford Plains, the Victoria Gun club grounds, in a week. A professional trophy is offered for the high average in the regular shoots. Nine events are on the programme:

Preparations are well under way for the annual Potlatch shoot to be held on the Harbor island grounds, June 1, 2 and 3, under the auspices of the Seattle Gun club.

New shipment of the well-known English Bicycle just received. Call in and inspect them.

town-planning convention which opens in Toronto a week hence. On his way back he will likely attend the convention of the Alberta Town-Planning association in Calgary, at which the Mawson plans for the beautification of Calgary will be on view and a debate will take place on the proposed housing bill to be introduced by the Alberta government.

Mrs. J. Carl Pendray is entertaining her niece, Miss Eleanor Moore, of Montreal.

Mrs. Fred Farmer, of Vancouver, is staying at Grace Manor, Uplands, as the guest of Mrs. A. McDermott.

Rev. John A. Logan, D. D., who, with Mrs. Logan, is visiting Victoria, is convalescing rapidly after his recent severe illness.

The Misses O'Brien, 67 Wellington avenue, left to-day for Vancouver to visit friends who recently arrived there from the old country.

After a three weeks' tour of the Kootenays and some of the Sound cities Alex. McDermott and Master McDermott have returned to their home here.

The residence of John Ewing, of Pine street, was the scene of a pretty wedding on Saturday, when Rev. Dr. Clay united in marriage Miss Sophia Hall Rhynes and Mr. Andrew Duff, the latter a prominent local football player. Mr. and Mrs. Duff will make their home in Victoria.

Yesterday was the 59th wedding anniversary of Mr. and Mrs. Charles Kent, of Rose Cottage, Yates street, and the occasion was celebrated in suitable manner, being remembered by their married son, Mr. Herbert Kent. Mrs. Herbert Kent, and their four grandchildren and great grandchild. Mr. and Mrs. Kent came to this country many years ago, both being natives of Greater London, England, the former having been born "within sound of Bow Bells," and the latter in Ealing. Mr. Kent came to Victoria fifty-two years ago, and two years later his wife followed him from the Old Country, since which time neither has ever visited the old homes. The family are looking forward to a more elaborate celebration next year, on the occasion of the sixtieth anniversary.

## WILL RESIDE HERE.

Miss Ethel Smallman and Mr. Albert Parfitt Principals in Pretty Event.

Rev. P. Hauch, of the Metropolitan church, officiated at the wedding on Saturday of Albert Parfitt, youngest son of Mr. and Mrs. Aaron Parfitt, of Bath, England, and Ethel, youngest daughter of the late Charles Smallman, of Coventry, England. The ceremony was a very pretty one, and took place at the residence of Mr. and Mrs. James Parfitt, 1446 Gladstone street.

The bride, who was given away by her uncle, W. Jones, wore a beautiful dress of white crepe de chine and shadow lace, further enhanced by the graceful bridal veil and wreath of orange blossoms. She was attended by one bridesmaid, Miss Florry Parfitt, a niece of the bridegroom, who wore a frock of pink crepe de chine. Mr. J. Smallman, the bride's brother, acted as best man.

The decorations in the room where the ceremony took place were very dainty, a color scheme of white and gold being carried out in flowers, while the bridal pair stood during the service beneath a hall of marguerites suspended from a floral arch. Miss Violet Parfitt played the wedding march, and at the conclusion of the ceremony a reception was held, during which a delicious wedding-breakfast was served, the happy pair receiving the congratulations of many of their intimate friends before leaving for Portland, where they are spending their honeymoon.

Mr. and Mrs. Parfitt received numerous handsome gifts from friends here and in England. They will make their home at the Mount Douglas apartments until the completion of their own house at Gladstone street.

## GREENROOM NOTES

### "THE HONEYMOON EXPRESS."

"The Honeymoon Express," the New York winter garden's greatest success and the most unique of all its productions, in which Al Johnson, the funny comedian is starring, will be the attraction at the Royal Victoria theatre this evening.

This musical comedy is said to represent the finest example of the kind of entertainment which is found on the stage at the New York winter garden, being colorful, frolicsome and brightly clever. One will be able to find much melody, wit and fun in the two acts and six scenes.

The scene from which "The Honeymoon Express" derives its name occurs at the end of the second act, when there is a race between an automobile and a railroad train. One can see them both in miniature, creeping slowly down the mountain side, until they both come sweeping to the footlights. It is described as being one of the most unusual stage effects devised.

"The Honeymoon Express" comes to this city after its phenomenal engagement of thirty weeks at the winter garden. The cast includes Ada Lewis, Anna Wheaton, Marie Robson, Marie Fenton, Doyle and Dixon, Sybil Sunday, Donald McDonald, Arthur Monday, Jack Storey, and a chorus of seventy beautiful young women.

## CHAUNCEY OLCOTT.

Bringing his latest production, "Shameless Dhu," Chauncey Olcott is to come to the Royal Victoria theatre Friday evening, May 22. The singer of sweet Irish songs is said to be seen and, what is of more importance in his offerings, to be heard to the very best advantage in his present vehicle, which is a grand

On sale at Dean & Hicock's drug store, Yates and Broad streets, Victoria. Price \$1.00 (postpaid). Write Tremaine Supply Co., Dept. "V.T.," Toronto.

suits him to an even more satisfactory degree than the play he brought last season.

The members of the cast which in past seasons have assisted Olcott to make his presentations a success will again be seen with him. David Glasford, whose part of the brother in "The Isle O' Dreams" was such a feature, is again supporting Mr. Olcott. The part of Peggy O'Dea, the black-haired, blue-eyed sweetheart, will be taken by Miss Constance Mollinaux, an actress of wide accom-

plishments. Jennie Lamont will fill the role of the fine old Irish mother.

There are two sweethearts in the play, Peggy O'Dea and another, and it is the former that the hero eventually wins, though in doing so he quarrels and makes up with delightful Irish frequency. The other loses the hero, but finds a handsome American young man waiting to accept her. Through it all Mr. Olcott has numerous opportunities to allow the audience to hear the voice which has made him famous.

## The Island of Tea

The choicest tea in the world grows high up on the mountain-sides of Ceylon. The native purity and garden-freshness of this superb Ceylon Tea is preserved by the sealed lead packages used in packing.

# "SALADA"

Black, Green or Mixed  
SEALED LEAD PACKETS ONLY.

Letters for publication in Daily Times must be received at the Times Office not later than the day before the day of publication. When received later they will be held over until the following day. While unobjectionable anonymous communications will be published, the name and address of every writer of such letters must be given to the editor.

### HALF-HOLIDAY.

To the Editor:—Are we to understand from Mr. Amphlett's letter that he has voiced the sentiments of a majority of the members of the Retail Merchants' association, and if so was he authorized to so express their views? Provided he can answer in the affirmative to both questions it would be interesting to know just what percentage of Victoria retailers are members of this organization.

INTERESTED.

### SEAMAN'S INSTITUTE.

To the Editor:—I am afraid rather a wrong impression has got abroad. A people think that the Ladies' Guild of the Seaman's Institute and the men's committee of the same have differences of opinion. This is not the case, and I can speak with authority, as I am one of two ladies who are honored with a seat on this board. It is quite true that we are very anxious to get men of sound business ability (in view of the building operations) for the future committee; but that is all, and we feel much gratitude to those who have taken so much trouble in the past, and we hope, even if they are not re-elected, they will not cease to take a warm interest in the future institute. The general meeting, to which every subscriber is invited, and has a vote (both lady and gentleman), takes place at the Empress hotel ball room to-morrow evening at 8.15.

ALICE THOMSON.  
President of the Ladies' Guild of the Seaman's Institute.

All the poets are Cockneys. Chaucer and Gower were so; Robert Herrick, Gray, Pope, Lamb, and a thousand besides the mighty Milton. Bow Bells seem to confound with the poets' song.—Mr. C. A. Ward.

## Tea and Coffee

### Find Their Place

The Literary Digest, of March 28, 1914, says:

"Cocain and its allied intoxicants appear to be about the cheapest things in the market. They are seemingly cheaper than whisky, cheaper than beer, cheaper in proportion to effects than tea or coffee."

The best teaching of to-day is distinctly against the use of tea, coffee and other drugs, and drug-bearing beverages—especially among the young. It is well established that headache, nervousness, indigestion, sleeplessness and other aches and pains are commonly caused by tea and coffee drinking.

People are becoming alive to this fact and thousands have quit both tea and coffee and now use

# POSTUM

A pure food-drink

Made of whole wheat and a small per cent of molasses, Postum is a rich flavory beverage containing the nourishment of the grain, and absolutely free from the drug, caffeine, in tea and coffee, or any other harmful substance.

Postum now comes in two forms:

Regular Postum—must be well boiled—15c and 25c packages.

Instant Postum—a soluble form—requires no boiling—30c and 50c tins.

The cost per cup of both kinds is about the same.

## "There's a Reason" for POSTUM

—sold by Grocers everywhere.

CANADIAN POSTUM CEREAL CO., LTD., WINDSOR, ONT.

## THIRD GOLF CLUB

### AROUSES INTEREST

Canadian Ladies Lose International Match at Tacoma by Narrow Margin

Great interest is being taken in the formation of the new golf club at Langford Plains, and it is expected that a definite announcement with regard to the plans of the club will be made within a short time. The membership list is growing nicely, quite a number of the most prominent sportsmen in the capital taking out charter membership cards. The membership fee will be doubled as soon as the club secures its grounds.

Victoria defeated the Shaughnessy Heights Golf club in a series of singles and foursomes at the Bay Links on Saturday. Beautiful weather was productive of excellent golf, a number of exceptionally good scores being turned in. The local golfers banqueted the visitors in the evening, the Terminal City party including Mr. Justice Macdonald, Mr. Marpole, E. A. C. Steele, J. E. McCallum, W. E. Middleton, J. Ross, C. B. McNeill, W. Ferrie, S. W. Peters, D. C. McGregor, McVicar Campbell, F. Buscombe, W. E. Wemontezem, The Victoria players: Colonel Jones, Colonel Peters, Hon. W. J. Bowser, Messrs. R. H. Swinerton, J. E. Miller, H. Horton, C. E. Wilson, Plumcroft, Holland, Fraser, Wollaston and one other.

The third of the series of international team matches, between 20 women teams representing British Columbia and the United States, respectively, for the H. C. Henry trophy, was won by the latter team at Tacoma. The winning team scored a total of 11 points to the 8 of its competitor. This places the status of the trophy at two wins for the United States team to one for their opponents.

The play of Miss Pooley, Victoria, and Mrs. William Jones, Tacoma, attracted particular attention. Mrs. Jones' medal score for the first nine holes was 44 and Miss Pooley's, 43.

While the Seattle and Tacoma players are equally apportioned to the American team, the British Columbia team draws most of its strength from the Victoria club.

Portland, May 18.—The colors of the Spokane Golf club were lowered Saturday by eleven Waverly Country Club players. The score was: Portland 54 points, Spokane 6. Being familiar with the course gave the local players a big advantage.

### IRISH PASTOR HERE.

Rev. John Pollock, of Belfast, Will Speak To-morrow Evening at St. Andrew's.

In the course of a tour of the continent, Rev. John Pollock, pastor of St. Enoch's Presbyterian church, Belfast, has arrived in Victoria, and to-morrow evening, at St. Andrew's Presbyterian church, will give a lecture on "What We Bought at the Boyne." Mr. Pollock's church is the largest in the north of Ireland, and has a seating capacity of 2,500. His purpose in visiting this country is to try to gain some form of support in behalf of a movement for clearing the debt on the public school in his parish, as in Ireland there are no public rates to cover anything further than the teachers' salaries.

Mr. Pollock is a Scottish Liberal, and supports the Asquith government on the whole, but he is opposed to home rule.

## FINE WEATHER AIDED

### MARKSMEN AT RANGES

Good Scores Were Compiled at Week-End Tests at Clover-Point

Good weather and better scores were the order of the day at Clover Point on Saturday afternoon. Sergt. de Carteret was top scorer for the Fifth Regiment with an even 100. Two more "possible" scores were won at 500 yards, bringing the total up to eleven since the season opened on March 21.

No arrangements have as yet been made by the joint committee for a shoot on Victoria Day. Some years ago the celebration committee allowed a sum of money for prizes and a prize shoot was held on the holiday. The marksmen this year feel that the plan should be revived, especially as there is such a large number of men who attend the ranges this season. The scores of the Fifth Regiment on Saturday were:

A Class—	200	500	600	Tot.
Sergt. de Carteret	32	35	33	100
Lieut. W. Winsby	31	35	34	100
Gnr. McCallum	29	34	37	100
Gnr. Stacey	28	33	39	100
C.S.M. Doyle	21	33	30	84
Gnr. Blomfield	21	34	29	84
Gnr. Anderson	22	32	30	84
Gnr. Culross	22	32	30	84
Lieut. W. H. Lettice	28	31	32	91
C. Q. St. John	28	31	32	91
Gnr. Pagett	22	30	30	82
H.S.M. Macdonald	28	34	28	90
Gnr. Hutchings	28	30	32	90
Gnr. Mitchell	30	30	30	90
Gnr. Neill	29	30	30	89
Sergt. Denison	28	30	31	89
Gnr. Edmonds	26	27	32	85

B Class—	200	500	600	Tot.
Sergt. Crocker	32	34	27	93
*Bmr. Gaunt	31	32	32	95
Sergt. Fleury	30	32	30	92
Corpl. Dewdney	31	32	31	94
Sergt. Stuckey	32	28	30	90
Sergt. Swarbrick	31	32	28	91
Sergt. Macdonald	31	32	28	91
Lieut. F. A. Robertson	33	31	26	90
Q.M. Sergt. Clarke	33	31	26	90
Gnr. Macdonald	28	31	26	85
Gnr. Addison	29	31	25	85
Sergt. Coupland	26	29	29	84
Gnr. Nicholson	26	29	29	84
Gnr. Tanner	31	33	10	73

C Class—	200	500	600	Tot.
*Bmr. Stoddart	28	28	30	86
Bmr. Robinson	31	29	21	81
Bmr. Morrow	27	31	22	80
Bmr. Flinnick	28	28	26	82
Gnr. Wright	25	28	26	79
Bmr. Rayburne	29	27	23	79
Corpl. Wilkinson	25	19	35	79

On account of the close shooting of the teams, great interest was taken in the inter-company shoot, set to go on May 12, but is expected to prove the premier shooting company of the regiment at the next week-end. There is an all-round improvement in the shooting, especially amongst the younger shots, many of whom are making the older ones a hard race for the weekly spoons.

The scores made by the company teams and the remainder of the regiment were as follows:

C Company.	200	500	600	Tot.
Lieut. Wallis	29	30	32	91
Pte. Turner	29	30	32	91
Sergt. Findlay	29	28	26	83

Pte. Parkes	19	—	—	19
Pte. Hawley	15	—	—	15
Pte. Patterson	15	—	—	15

\*Spoon winners.

The weekly shoot was well attended by marksmen of the Fusiliers and shooting conditions were good. The features of the day were the fine score of 94 by Sergt. Fyvie, in class D, and a possible by Handeman Pike at 800 yards, the first score in the regiment this season.

Next Saturday, in addition to the regular spoon and prize shoot, the first "novice stakes" will be decided. There promise to be keen competition at this novel event.

## OPENING REGATTA

### ON HARBOR COURSE

Keenly-contested races featured the opening club regatta of the V. A. A. A., which was held on the harbor course on Saturday afternoon.

Kennedy captured a majority of the canoe events. Strokes, Kenning and Dorman are to meet on Tuesday evening in the final for the club fours.

The results: Four-Oared. First heat—Skuce's crew beat Sweeney's. Second heat—Dorman's crew beat Jamieson's. Third heat—

Kenning's crew beat Morton's. Semi-final—Dorman's crew beat Skuce's. Kenning's crew got a bye and will meet Dorman's in the final on Tuesday afternoon next at 5.30 o'clock. Dorman's—McMillan, Bagshawe, Mueller, Kenning's—McIlreath, McKinnon and Newitt.

Canoe: Single paddle—Bloomfield beat Kennedy by about a foot in an exciting race for first place, Ross being third and Fawcett fourth.

Double paddle—Ross and Kennedy won easily from Travis and Morley, with Fawcett and Wilson third.

Four paddle—Ross, Fawcett, Travis and Kennedy won.

Kennedy won the gunwale race.

Some excellent scores were made by marksmen of the Civilian rifle club. Capt. E. J. Gollip won the gold button in class A. A. E. Williams won the silver button in class B, and P. A. Macdonald won the bronze button in class C.

The scores in detail are as follows:

Class A—	200	500	600	Tot.
Capt. E. J. Gollip	33	33	31	97
A. B. Ashe	34	30	32	96
G. Granby	34	34	26	94
Capt. F. H. Exbury	29	33	33	95
H. J. Wicks	34	34	24	92
S. Williams	30	32	29	91
E. H. Beany	31	31	29	91
A. Symonds	30	32	28	90
W. D. Bryshaw	28	34	28	90
Capt. D. McIntosh	31	30	20	81

Class B—	200	500	600	Tot.
A. E. Williams	29	34	34	97
J. H. Drewry	30	34	28	92
E. H. Hartwick	33	32	26	91
R. M. Myers	31	32	28	91
F. T. Murray	27	32	31	90
C. E. Wicks	29	33	27	89
S. Q. M. S. Hill	30	27	31	88
R. Armstrong	29	32	27	88
C. A. Kennedy	31	29	27	87
A. Dobson	28	30	28	86
R. S. Fyvie	28	30	28	86
D. McNeill	26	27	26	79

Class C—	200	500	600	Tot.
P. A. Macdonald	29	33	30	92
T. S. Yull	32	28	22	82
T. S. Yull	27	28	26	81
A. V. Mackay	17	30	33	80
A. R. Walsh	27	22	3	52

Arrangements have been made for practice shoots on Tuesday and Thursday of each week, commencing at 5 p.m. Members who wish to practice on these evenings may do so by giving in their names to Capt. Gollip.

The inherent fault of many of our posters is that they try to say too much, often very much too much.—Mr. W. S. Rogers.

### HUMAN PROCESSION

The Hon. Josephus Daniels, secretary of Uncle Sam's navy at Washington and editor of the News and Observer at Raleigh, N. C., will receive the congratulations of his cabinet colleagues to-day, the happy occasion being the fifty-second anniversary of the birth of the great editor, statesman and tar at Washington, N. C. Mr. Daniels is popularly known in Washington as "managing editor of the navy," and it must be admitted that he has accomplished quite a lot of editing since that March day in 1913 when, armed with his trusty blue pencil, he took charge of the navy portfolio. One of the first things he did was to draw a blue mark across the words "starboard" and "port," and in the margin substitute therefore the words "right" and "left." Old tars held up their hands in horror at this innovation, but in practice it has worked admirably. Even greater commendation was created in naval circles throughout the water world when Mr. Daniels, with one fell stroke of his blue pencil, erased alcoholic beverages from the list of refreshments supplied to officers on war vessels.

Mr. Daniels has admitted that there is a great similarity between his past and present jobs, since it is the chief duty of both a managing editor and a secretary of the navy to know where hell will break loose next and have a man on the spot. The Hon. Josephus proved that he was a mighty good prophet when he had "a man on the spot" at Vera Cruz.

While Secretary Daniels is as patriotic as the next man, he is impatient of that prevalent brand of patriotism which the English call "swank." Of this boastful attitude Mr. Daniels recently said: "Let us have done once and forever with the silly boasting of the strutting that we are able to kill any nation on earth." The North Carolina statesman has been more successful than most of his predecessors in eliminating hazing from Annapolis.

Yor hazer, in the opinion of Mr. Daniels, "is essentially a bully, and must necessarily have a streak of innate cruelty. The United States navy has no place for youths of this kind."

Josephus Daniels spent his youth in Wilson, N. C., where he was educated at the Wilson Collegiate Institute, and where, at the age of eighteen, he entered journalism as editor of the Wilson Advance. During that period he studied law and at twenty-three was admitted to the bar, but did not practice. In 1885 he went to Raleigh, capital of his native state, to become editor of the State Chronicle. Two years later he was made state printer, and shortly afterward he married Addie W. Bagley. Her father was Maj. W. H. Bagley, and two of her brothers entered the navy. One of them, Worth Bagley, ensign in the navy, was killed in the Spanish-American war.

Twenty years ago, after a brief experience as chief clerk in the department of the interior at Washington, Mr. Daniels consolidated the State Chronicle and the North Carolinian with the News and Observer, and, as editor of the merged journal, headed the most commanding figure in North Carolina journalism. As an editor Mr. Daniels has always been fearless in his denunciations of wrong, and on one occasion he was fined \$2,000 for contempt of court and threatened with jail. On an appeal Mr. Daniels was vindicated and the fine was remitted. In 1908 and again in 1912 Mr. Daniels went in charge of the publicity department of the Democratic national campaign of the navy, "seeking ex officio," as Mr. Dooley says, is a staunch advocate of peace, but he holds that peace must be backed up with authority and means to enforce it.

## BISHOP PREACHES AT ANNIVERSARY SERVICE

St. Saviour's Celebrates Double Anniversary; Large Congregations Present

St. Saviour's church, Victoria West, yesterday, held two anniversary services, one being in honor of the twenty-sixth anniversary of the founding of the Victoria West Anglican mission, and the other in honor of the twenty-third anniversary of the erection of St. Saviour's church. Large congregations were present both morning and evening.

The morning services were in charge of the rector, the Rev. Robert Connell, who preached on "The Past, Present, and Future of the Congregation," in the course of which he told about the foundation and growth of St. Saviour's, which had been dedicated just twenty-three years ago, or three years after the opening by the Rev. W. W. Bolton of the little mission in a wagon shop on Esquimalt road. The resume of the history of the little church told something of the labors of the Rev. W. D. Barber, who came there from Manitoba in 1891, and who became closely identified with the name of St. Saviour's. Later Canon Cooper had taken up the work, but he, too, after doing excellent work, had returned to England. Others who had taken a great interest in the church were mentioned, and during the address Mr. Connell emphasized the need of cohesion among the members of the congregation, and better attendance at the services. Too small an excuse, he said, was snatched at eagerly as a reason for staying away from a morning or evening service, and greater interest was urged.

In the evening the Bishop of Columbia preached, his text being taken from those verses in the eighty-fourth Psalm having special reference to blessings: "Blessed are they that dwell in Thy house"; "Blessed is the man whose strength is in Thee"; and "Blessed is the man that trusteth in Thee."

In his sermon the bishop spoke of the early history of the church in Victoria, and especially of St. Saviour's church. In connection with the latter he spoke of his friendship with both Mr. Barber and Canon Cooper, whom he knew while they were in charge at Victoria West. Recently, during his visit to England he had visited both, and had spent pleasant hours in resuming the friendship commenced here many years ago during one of his visits to Victoria. The bishop also referred to the pleasure which it gave him to be present at the anniversary services last evening, and expressed the hope that the church would continue to progress in faith and endeavor, urging, in conclusion, the exercise of those opportunities given through the church to win men to Christ.

Humor may be defined as the last refuge of the intellectually destitute; it has been used to cover every sin of stupidity and vice which the world has known.—Mr. James Stephens.

## WILL HOLD ROSE SHOW.

Rose-Growers Preparing for Exhibition to Be Held Under King's Daughters' Auspices.

The King's Daughters' rose show, to be held in the ballroom of the Alexandra club on June 17, will be the first exhibition of the kind to take place in the city for more than two years, and is expected, therefore, to be of particular interest to rose-lovers and others in Victoria. Rose-growers are already looking forward to the event with keen interest, and the greatest care is being bestowed on the perfection of rare blooms for the occasion. It is anticipated that the list of entries will be particularly large, and number and variety will be as prominent features as quality.

The object of the exhibition is a praiseworthy one—to augment the King's Daughters' rest room fund, which is doing good work among the business women of Victoria, and providing them with a place where they can spend the luncheon hour. At present the rooms are used daily by an average of fifty young business women, and it is hoped that the proceeds of the rose-show will be sufficient to assist in the continuance of the good work.

## WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, May 18.—5 a.m.—The barometer remains high over this province and fine weather is general with moderate winds on the coast and higher temperatures in Kootenay. Warner weather also prevails in the prairie provinces and thunderstorms have occurred in Manitoba.

Victoria Daily Weather: Observations taken 5 a.m., noon and 5 p.m., Sunday: Temperature: Highest 57, Lowest 46, Average 51. Bright sunshine, 12 hours 18 minutes; general state of weather, fair.

## Another Car Load of High-Grade Bedroom Furniture at Popular Prices Has Arrived

## A Six-Piece Suite in White Enamel

A REPRODUCTION OF A DESIGN BY THE ADAM BROTHERS

ROBERT ADAM undoubtedly found his greatest inspiration in the works of antiquity. He spent six years in Italy closely studying the remains of ancient Rome, and thus familiarized himself with the principles and details of classic art.

The designs of the Brothers Adam are particularly worthy of reproduction in the form of bedroom furniture. It has a peculiar grace and slenderness, which is most pleasing, especially when combined with suitable wall and floor coverings.

This, and many other interesting suites, reproductions of the work of famous masters during various periods are now being shown on our fourth floor.

Why not come in and see them at an early date?

Let us outfit your home with awnings. Your home urgently needs them, and in the course of another week the necessity for them will be acute.

"Sundour" Awning Fabrics are fadeless, come in attractive colorings, are lined, and therefore durable, and cost very little more than ordinary goods. We strongly recommend them for their decorative qualities and serviceableness.

Many other suitable materials are in stock, and we shall be pleased to give you an estimate. Prompt attention, good workmanship and moderation in price are features of Weiler's service that will please you. May we send a man out to take measurements to-morrow?

## Home-Made Ice Cream is Best and Cheapest

Made in a "Lightning Freezer" ice cream is light, flaky and just as smooth as ice cream should be.

Home-made ice cream is far more reliable than that of the vendor—you know the quality of the ingredients, and it is much cheaper into the bargain.

Less ice and salt are necessary with the "Lightning" than any other freezer we know of. Notice the wheel dasher and twin scraper.
